WELCOME MESSAGE

On behalf of the Health Insurance Organization, it is a great pleasure to welcome you at

The 10th Conference of Sharkia Branch.

The aim of the conference this year will be the review of the latest issues and recent guidelines on diagnosis and management of most diseases in internal medicine and cardiology we face in our daily practice.

The conference is honored by active participation of professors of internal medicine and cardiology from most universities of Delta and Canal. We are looking forward to see you at the meeting which will be a fruitful event to our efforts in contentious medical education and optimizing the care given to our patients.

Our conference welcomes the participation of all health care providers interested in diabetes all over Egypt. In this conference and all our seminars, we welcome our colleagues from Cairo, Alexandria and Upper Egypt and we look forward to their help and advice.

Finally, we ask our God for his help and guidance to achieve our noble goal for the benefit of our patients.

Dr. **Reda El Deeb**

Dr. **Ahmed El-Ahmady**
