Welcome Message

Dear colleagues, on behalf of the organizing committee, I welcome you all to this iconic **13th Annual Conference of Neurology Department Faculty of Medicine, Mansoura University**

Conference Main Theme

"How to Treat Neurological Diseases in the Near Future"

Tackling Debates and Controversies in Neurology in its second edition (2nd MDCN). In this unique learning format, different topics in all hot neurology fields, will be explored from experts in the field from different universities, enriching our National network with Mansoura neurology faculty and its emerging youngsters. Your participation will shape our scientific agenda with success and honor. The legendary and magic of the beautiful and historic city of Raas Albar will add to the pleasure of the meeting and provide lasting memories beyond the science.

I am eagerly anticipating to an excellent meeting with brilliant neurologists from different Neurology practices in Egypt and sharing new and exciting topics in Neurology which will be held on October 24-25, 2024.

This year, we will discuss the development of new directions in management of neurological diseases that will shape the future of neurological therapeutics in the different fields of neurology. This will tackle biological- based therapeutics and precision medicine as a hope to tackle difficult to treat diseases.
