28th Annual International Conference of the Egyptian Fertility and Sterility Society

E.F.S.S

"New Trends And Developments in Women's Reproductive Health"

PRESIDENT
Prof. Gamal I. Serour

VICE-PRESIDENT
Prof. Mohamed. Yehia

SECRETARY GENERAL
Prof. Amr El Shalakany

TREASURER
Prof. Emad Darwish

December 1, 2
Marriott Zamalek Hotel

Cairo 2022

28th Annual International Conference of the Egyptian Fertility and Sterility Society

E.F.S.S

WELCOME MESSAGE FROM THE PRESIDENT

Dear Colleague,

It is now 28 years since establishment of our Society. Many thanks to you all for your overwhelming support which enabled the society to continue its role in Continuing Professional Development and Education in infertility.

When we started our Society we were only 21 founding members, today we are more than 1450 registered members. Your society is one of the largest national fertility societies worldwide and we are continuing to grow. Thanks for the enthusiasm, you all expressed which qualified your society to be a member of the prestigious International Federation of Fertility Societies (IFFS) for decades and the African federation of Fertility Societies (AFFS).

The society publishes, three issues a year, the peer reviewed Egyptian Journal of Fertility and Sterility since 1997. Today 51 issues of our journal are already published. The journal enjoys a great popularity in Egypt and attracts a number of researchers from abroad to publish their original articles in it. From the year 2023 we will start publishing four issues a year.

The editorial process in EFSS is completed online and authors are notified automatically with the result of refereeing within a "3 weeks" period. The journal welcomes the submission of manuscripts that meet the criteria of scientific excellence. Our Journal website *http://egyfs.journals.ekb.eg/*. I would like to thank Prof. Aboubakr El Nashar, the Editor and Prof. Mohamed Salama Gad and Prof. Hossam Fahim Abdelrahim, Associate Editors for their efforts and great support in publishing the EFSS Journal.

The 2022 EFSS congress is granted 16 accredited hours from the Arab Commission for Accreditation of Professional programs (ACAPP) Continuous Professional Development Activity Accreditation, and 16 accredited hours from the European Accreditation Council for Continuing Medical Education (EACCME).

This year we have 44 International guests, who are leading scientists and pioneers in the field, from five continents. From them only 8 Guests, due to previous commitments will be attending virtually.

Special thanks for our guests from all over the world for their prompt response to our invitation to participate in this meeting. Indeed, I really am grateful to them all for accepting to be with us in this meeting and to share with us their great expertise in the field of reproductive medicine in spite of their very heavy commitments. For those who could manage to come to Cairo, I wish them all a very enjoyable stay and a safe journey back home or to other destinations to fulfill their commitments in different parts of the World. For those who participated virtually a big fat THANK YOU for sharing with us your great expertise.

I sincerely thank all members of the EFSS Board of Directors particularly our Secretary General, and the Secretary of the conference, Professor Amr El Shalakany who worked tirelessly for one year preparing for this conference and indeed did a wonderful job by putting together such an outstanding scientific and social program for this year's conference. Words would fail to thank him tremendously for his huge efforts and dedication in supervising every details of the conference all through the year. I also would like to thank all members of the board for their continues collaboration for the prosperity of our society.
Sincere thanks to the conference organizers particularly Mrs. Azza El Tobgi and Mr. Reda El Shebiny and Pure Spot marketing agency for the tremendous efforts in the preparation of this conference.

I also would like to thank all the medical industry companies who supported the conference.

Hope you all will enjoy the outstanding scientific and social program of the conference. Those who are from outside Cairo enjoy this vibrant city which does not sleep but please make sure to actively participate, as well, in the conference.

Yours Sincerely,

Prof. Gamal Serour
FRCS, FRCOG, FACOG
President of the Society and the Conference

A MASSAGE FROM THE VICE PRESIDENT

Dear Colleague,

It gives me great pleasure to welcome you all at our 28th Annual International meeting.

The meeting has become a fixture on the scientific agenda of most gynecologists in Egypt where they can discuss and listen to the up to date knowledge and exchange experiences with their friends and professors.

This year's meeting is no different we have tried as you can see from the program to include a wide variety of common medical problems that faces us during our daily practice and to include some advanced knowledge in the ever changing world of infertility treatment.

We have expanded the list of guest speakers to include different schools of management from both east and west. The subjects they are going to tackle are their own field of expertise which can allow them to give you first hand the most advanced views each in his own area. I would like to welcome each of them in Egypt and wish them a very pleasant stay.

As you can see we have also included a very interesting workshops in most of our sub-specialty. We have also tried to make these workshops geographically available to our junior colleagues by arranging them throughout Egypt.
At the end I welcome you all and hope you enjoy the meeting.

Prof. Mohamed Yahia
Vice President of the Society and the conference

A MESSAGE FROM THE SECRETARY GENERAL

Dear Honourable Guests, Participants and Colleagues,

It is my pleasure and honor to welcome you to the 28th Annual International Conference of the Egyptian Fertility and Sterility Society (EFSS). Cairo, through its second millennium, is though authentic but forever a young city. The conference venue overlooking the Nile will simply remind you of this. The event has been exhaustively planned to take you to the last-minute updates in reproductive medicine and clinical practice in the field of women's fertility care. The scientific content will also broaden to include other issues in gynecologic and obstetric practice that are linked to the care of fertility. This is meant to include recent trends in related disciplines in endoscopy, gynecological surgery, early pregnancy and maternal health, laboratory technology and reproductive endocrinology.

The following 4 pre congress workshops have been arranged as part of EFSS 2022 congress:

1-Endoscopy, Menoufeia University- organized by Prof. Mohamed Salama Gad, during the period November 15th-16th, 2022, at Menougia OB/GYN Department.

2- Basic and advanced Ultrasound, Al Azhar University- Organized by Prof. Ibrahim Mahrous and Prof. Hossam Fahim, during the period November 26-28,2022 at Al Hussein Hospital.

3-Infertility and IVF: organized by Prof. Aboubakr El Nashar and Prof. Mohamed Yehia to be held during the period Nov. 29-30, 2022 at Royal queen hospital

4-Genetics on ART: Clinical perspectives, organized by Prof. Emad Darwish Alexandria University, and Prof. Hossam Fahim Abdelraheem on 30th November 2022 at Cairo Marriott hotel.

The organizing committee has also worked hard to make it a great social gathering. I wish you all a fruitful scientific meeting and a memorable gathering.

Prof. Amr El Shalakany
MSc MD FRCOG
EFSS & Conference Secretary General

FROM THE BYLAWS OF THE SOCIETY

The Society exists for educational and scientific purposes, and not for the purpose of making profits for its members or for any other person or organization. Any surplus gained by the Society incidentally or otherwise shall be used solely for the purposes of the Society stated on this section.

The Society has the following educational and scientific objectives:

1. To promote communication between gynecologists and other related disciplines interested in the field of infertility and sterility.
2. To promote communication between the society and other related national and international societies.
3. To encourage courses, meetings, congresses and research in infertility and sterility to achieve better knowledge of infertility.
4. To issue a regular Journal and possibly a Newsletter to disseminate information and knowledge in the field to members of the Society.
5. To adopt dissemination and application of ethical guidelines in the field of infertility.

PRESIDENT OF THE SOCIETY AND CONGRESS

Prof. Gamal I. Serour

VICE PRESIDENT OF THE SOCIETY AND CONGRESS:

Prof. Mohamed Yahia Soliman

SECRETARY GENERAL OF THE SOCIETY AND CONGRESS:

Prof. Amr El Shalakany.

ACCREDITATION

EACCME
European Accreditation Council for Continuing Medical Education

The 2022 EFSS congress is granted 16 accredited hours from the European Accreditation Council for Continuing Medical Education (EACCME).

Accredited hours from the
Arab Commission for Accreditation of
Professional programs (ACAPP) Continuous Professional Development Activity
Accreditation

The 28th Egyptian Fertility and Sterility society (EFSS)
Annual International Conference
has been evaluated and accredited by 16 hours.

ACKNOWLEDGEMENT

The Organizing committee would like to sincerely thank the main sponsors of the meeting namely IBSA, Adwia, Novo Nordisk, Devert Lab, CEUTICA, Global Napi, and Multi Pharma, Companies.

Without the generous support of these companies the meeting would not have been possible.

Also we would like to thank all other companies who supported the conference and the activities of the Society.

The Organizing Committee

INVITED INTERNATIONAL GUEST SPEAKERS OF THE CONFERENCE

(Alphabetical)

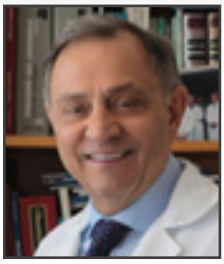

Dr. Ameet Patki – MD, DNB, FCPS, FICOG, FRCOG, India

- Medical Director Fertility Associates Mumbai
- Hon Assoc Prof K.J.Somaiya Medical College & Hospital Consultant Khar Hinduja & Surya Hospitals, Khar Mumbai
- Country Representative ASPIRE 2021-23
- Governing Council Member ICOG 2012-21
- 2nd Vice President ISAR 2019-21
- General Secretary MSR 2018-21
- Chair West Zone RCOG 2015-20
- President MOGS 2014-15
- 35 publications in National & International journals
- 50 Book chapters & Editor of 3 books.
- Two international patents in Infertility & Stem Cell Research
- TEDx Speaker

Dr. Professor **Andrea R. Genazzani, Italy,**

- Full Professor of Obstetrics and Gynecology and nominated Director of the Department of Obstetrics and Gynecology at the University of Cagliari. From 1° November 1982 he was nominated Director of the Department of Obstetrics and Gynecology of the University of Modena and since 1994 up to 2012 he become Director of the Department of Obstetrics and Gynecology of the University of Pisa. In 1994 he was awarded with the Honoris Causa Laurea by the University of Wroclaw in Polonia, in 2005 he was awarded with the Honoris Causa Laurea by the University "Ovidius" of Costanta in Romania, in 2007 he was awarded with the Honoris Causa Laurea by the University of Bucharest in Romania and in 2009 he was awarded with the Honoris Causa Laurea by the University of Athens in Greece. In 2011 he was entitled Professor Emeritus of the Ministry of Health and Social Development of Russian Federation.

Professor **Basil C. Tarlatzis, MD, PhD, FRCOG(hon), Greece**

- Emeritus Professor of Obstetrics – Gynecology & Reproductive Medicine
- President of the European Board & College of Obstetrics and Gynaecology (EBCOG)
- Member of WHO Infertility Guideline Development Group
- Past Chairman of the 1st Dept of Obstetrics & Gynecology, School of Medicine, Aristotle University of Thessaloniki (AUTH), Greece
- Past Vice President, of AUTH
- Past Dean and Vice Dean, Medical School, AUTH
- Past Chairman of ESHRE
- Past President of IFFS
- International and national awards
- Chairman and member of the ESHRE Ethics Committee
- Deputy Editor Human Reproduction Update
- Editorial Board Member of 14 International and 7 National Scientific Journals
- Editor / Co-Editor in 5 Scientific Books
- Member of 18 International and 24 National Scientific Societies
- Participation in more than 750 International and National Congresses
- 165 Abstracts in International Congresses and 100 in National Congresses
- 356 Publications in international peer-reviewed Scientific Journals
- and 85 in national Journals
- H-index 82, Citations 33963 (Google Scholar, August 2021)

Professor Botros Rizk MD MA FRCOG FRCS HCLD FACOG FACS. USA

- President Middle East Fertility Society,
- Professor and Head Reproductive Endocrinology & Infertility
- Department of Obstetrics & Gynecology
- University of South Alabama 1995-2018
- Botros Rizk is Medical Director, Elite IVF in Houston and former Professor and Head of Reproductive Endocrinology and Infertility and Medical and Scientific Director of USA In vitro fertilization and assisted reproduction at the University of South Alabama for 25 years from 1993 to 2019. Dr Rizk currently leads Elite IVF Museum district, Houston, Texas a premier assisted reproductive technology center in Texas.
- Dr. Rizk is the President of the Middle East fertility Society. He currently serves as distinguished Adjunct Professor of Obstetrics and Gynecology in Cairo University, Egypt and served as Distinguished Adjunct Professor of Reproductive medicine at King Abdulaziz University, Jeddah, Kingdom of Saudi Arabia. Dr. Rizk is distinguished Adjunct Scientific Director of IVF Michigan Rochester Hills. Dr Rizk is the scientific and Lab director of Odessa fertility Lab and Columbus center for reproductive endocrinology and infertility.
- Mentored by Nobel Laureate Professor Robert Edwards, recipient of the Nobel prize in Medicine for achieving the first successful In Vitro fertilization in the world, Dr. Rizk started his career in Reproductive Medicine in London and Cambridge in the era of the legends where most of the current scientific developments and medical protocols where invented. He joined the prestigious University of Cambridge for three years from 1990 to 1993 as Clinical Lecturer and Senior Registrar. Dr. Rizk is board certified by the American Board of Obstetrics and Gynecology and the Royal College of Physicians and Surgeons of Canada and the Royal College of Obstetricians and Gynaecologist in England, as well as, the American Board of Bioanalysts in Embryology and Andrology.
- Dr. Rizk's clinical and research interests have focused on ovarian stimulation including the development of the long agonist protocol which became the standard for two decades of IVF. He is internationally considered a leading authority on ovarian hyperstimulation syndrome and made original contributions to the pathophysiology and prevention of the syndrome. Dr. Rizk authored a book solely dedicated to ovarian hyperstimulation syndrome that is considered the standard reference for OHSS. Dr. Rizk is an authority on endometriosis; its novel medical management and robotic surgery. Dr Rizk is the principal investigator for tens of clinical trials for the FDA over the last three decades.
- Professor Rizk edited and authored twenty-eight medical textbooks and more than four hundred manuscripts embracing different aspects of infertility and assisted reproduction, as well as, ultrasonography and robotic surgery. Dr. Rizk is one of the early members of European Society for Human Reproduction and a founding member of Middle East Fertility Society. He chaired for several years many ASRM postgraduate courses teaching ART, ovarian stimulation, and ultrasonograhy.

Professor Carin Huyser (PhD), South Africa

- Head: Reproductive Biology Laboratory
- Tel +27 (0)12 354 2067/2208, Fax +27 (0)12 329 6258
- Email: carin.huyser@up.ac.za
- www.up.ac.za

- Carin Huyser studied Biological Sciences with an interest in plant physiology at the University of Potchefstroom South Africa, and was a lecturer in Botany at the University of Pretoria (UP). Subsequently she changed careers and become a junior embryologist in 1987 at the Reproductive Biology Laboratory, Department of Obstetrics and Gynaecology, UP. She obtained her PhD in 1996 on the relevance of various physico-biochemical properties of human follicular fluid and serum during assisted reproduction. Prof Huyser is an adjunct professor and an active committee member of the Medical Sciences Panel, and the Professional Practice Committee of the Health Professions Council of South Africa. She serves on the Special Interest Embryology Group of SASREG, and assisted (where applicable) on the Guideline Development Group Diagnosis, management, and treatment of Infertility and Subfertility, of the WHO.
- She manages the ART Laboratory at Steve Biko Academic Hospital, University of Pretoria since 1997, and also specializes in curriculum specific training of embryologists and post-graduate research in Assisted Reproductive Technologies.

Professor Charles Chapron, France

- Professor of Obstetrics and Gynecology,
- University Paris-Cité, Faculty of Health, Faculty of Medicine
- Paris-Centre, Paris, France
- Professor and Chair, Head of the department of Obstetrics and Gynecology II and Reproductive Medicine, Cochin University Hospital, Paris, France.
- SEUD Past President
- Charles Chapron is full Professor of Obstetrics and Gynecology at the University Paris Descartes, Faculty of Medicine, since 1999. He was named Head of the department of Obstetrics and Gynecology II and Reproductive Medicine at Cochin University Hospital (Paris, France) in 2005. Since 2013, Professeur Chapron was nominated Head and Chair of the Department "Perinatologie – Periconceptologie – Gynecologie" coordinating activities of the three Departments of Obstetrics, Neonatalogy, Gynecology and Reproductive Medicine. From 2014 to 2020, Professor Chapron was named Vice Dean of the Faculty of Medicine at the Paris Descartes University, in charge of strategy and medical project. Professor Chapron was nominated Visiting Professor at the Siena Univertsity (italy) in 2015, and at the Zhejiang University (Hangzhou China) in 2019.
- In addition, he is the Chairman of two university diplomas and director of 20 medical theses. He has authored and co-authored about 435 peer-reviewed papers in international (314 publications) and in national (121 publications) scientific journals concerning surgical laparoscopy in gynecology, reproductive medicine and endometriosis. Publications were cited more than 26 984 times and his H-factor is 88 (indice i10 is 292). Professor Chapron has performed over 1 000 scientific presentations in international (695) and in national (325) meetings. He is the coordinator of 12 scientific books and the author of more than 80 chapters in other scientific books.
- Professor Charles Chapron is Member of several national and international Societies and is reviewer for a number of journals.
- In the past, he has held the positions of Secretary General of the French Society of Endoscopy in Gynecology (SFEG), the Associate Secretary General of the Francophonic International Society of Pelvic Surgery (SIFCP), Coordinator of the Special Interest Group (SIG) of Reproductive Surgery of the European Society of Human Reproduction and Embryology (ESHRE), Secretary General of the French society of gynaecological surgery, Société de Chirurgie Gynécologique et pelvienne (SCGP), President of the Special Interest Group (SIG) on "Reproductive surgery and endometriosis" of the American Association for Gynecologists Laparoscopists (AAGL) (2013) and President of the European Endometriosis League (EEL) (2013). Professor Chapron was elected

President of the French Society of Gynaecologic Surgery (SCGP) in 2011 and was nominated as Member of the Pontifical Academy for Life (PAL) in 2012. In 2015, Professor Chapron was the President of the 1st Congress of the Society of Endometriosis and uterine disorders (SEUD). In 2016, Professor Chapron was elected SEUD President. Since 2018, he is President of the SEUD Corporate.

- Over the last twenty years, Professor Chapron has worked intensively in Port-Royal University Clinic, Cochin University Hospital, together with a highly specialized team in endoscopic surgery. The two main research activities were the following: 1) Research (clinical and science) on pathogenesis, assessment and management (medical and/or surgical) of endometriosis; 2) Clinical research on gynecologic operative laparoscopy (ectopic pregnancy, hysterectomy, myomectomy, complications of gynecologic surgery, …)

Professor Christopher Barratt UK

- Professor Barratt is Head of the Division of Post Graduate Medicine at the Medical School, Head of the Reproductive Medicine Group at the University of Dundee as well as a clinical scientist (Hon) with NHS Tayside. He graduated with an Honours degree in Zoology and then completed a Post Graduate Certificate in Education (University of Wales, Swansea). His PhD, also in Zoology, was under the supervision of Jack Cohen at the University of Birmingham.
- His formative post-doctoral studies and ART experience was gained at the University of Sheffield [with Ian Cooke] where they specialized in natural cycle IVF. From 1997-2005 he was the Scientific Director of the ART Centre at the Birmingham Women's Hospital.
- Professor Barratt has been awarded a number of honours for outstanding contributions to the discipline e.g. Young Andrologist of the Year, the Professor Sir Robert Edwards keynote lecture at ESHRE. He was awarded a DSc from University of Birmingham and has a h index of 54 (Scopus 2021). Professor Barratt is a Fellow of the Royal Society of Edinburgh.
- He is a regularly invited speaker at national and international scientific conferences/ workshops. He was a member of the WHO Male Fertility Semen Analysis Taskforce (for both the 4th and 5th editions) and director of the WHO (2012-2017) Male Fertility Expert Working Group which devised a new system for the diagnosis and treatment of the infertile male. He was a member of the Human Fertilisation and Embryology Authority for 6 years until 2009.
- Professor Barratt has been appointed to editorial board of WHO for development of new Semen Analysis manual (6th edition, publication date late 2021). He recently published the global WHO guidelines for semen reference ranges.
- He has been on the Editorial Board of Human Reproduction, Human Fertility, Biology of Reproduction, Human Reproduction Update, Journal of Andrology and was Editor-in-Chief of Molecular Human Reproduction from 2013-2018. Currently he is a member of the Editorial board of Physiological Reviews.
- Professor Barratt is coordinating the Global Initiative on Male Reproductive Health.
- His life's ambition is to see - live - Wales comprehensively beat the All Blacks.

Cristina Hickman, UK

- Former Associate Editor Human Reproduction
- Ad hoc Reviewer: Journal Clin Endocr and Metab, Lancet

Past positions

- Professor and Head Division Reprod Endocr and Infert.
- 2004-2008: University Hospitals of Geneva and Lausanne Geneva and Lausanne, Switzerland
- Professor and Head Division Reprod Endocr and Infert
- 2008-2017: Hopital Cochin Medical Center Paris France

Prof. Duru Shah, MD FRCOG FCPS FICS FICOG FICMCH DGO DFP. India

Dr. Duru Shah is the Director, Gynaecworld, the "CENTER for Women's Health & Fertility" She is currently the Founder President of the "The PCOS Society" (India), a multidisciplinary Society which focuses its attention on the subject of PCOS. She is the Member of Board of ASPIRE and the Chair and Trustee of "Metropolis Foundation" (formally known as Women's Empowerment Foundation). She also Chair's the Council of Affiliated Menopause Societies, (CAMS) IMS.

Dr. Shah has occupied the highest position in the field of Obst. Gyn. in India as the President of Federation of Obstetrics and Gynecological Societies of India, (FOGSI) in 2006- 2008, which is affiliated to the International Federation of Gynecology and Obstetrics (FIGO), followed by being the President of "The Indian Menopause Society" in 2008-2009, the "Chair of the Indian College of Obstetricians & Gynecologists (ICOG)" in 2009-2011 and the "President of the Indian Society for Assisted Reproduction (ISAR)" in 2017-2018. On the International front she served as a Member of the Ethics Committee of FIGO for 6 years between 2010-2016and On the International front she has been the "Director of Digital Education" and the "Co-Chair of the IMPART Program and on the Board of The International Menopause Society" for 8 years between 2012- 2019. She is the immediate chair of the "ASPIRE Special Interest Group (SIG) on Reproductive Endocrinology & PCOS and was also the International Advisor of ESHRE's Special Interest Group "Safety & Quality in ART" (SQART).
In recognition of her work in the field of Women's Health Dr. Shah has been conferred with many Awards, the most prominent being:

Awards related to Women's Health and Services

- The "FIGO-Distinguished Merit Award" for service towards women's health", being the first and only Indian Recipient of this Prestigious Award.
- The "Honorary Fellowship by the Royal College of Obstetrics & Gynecology".
- "The Federation of Obstetric & Gynecological Societies of India Lifetime Achievement Award for Valuable Services rendered to FOGSI and lifelong Commitment to our Speciality", January 10th, 2022.
- "Dr. Prabha Malhotra Lifetime Achievement by the Indian Society of Assisted Reproduction for excellence in the field of Infertility. March 4th, 2022, Delhi.
- The "MOGS- Dr. B. N. Purandare Outstanding Service Award" for Lifetime Commitment and Yeoman Services rendered to the Cause of Women's Health & Rights, 19th March, 2022.
- ICOG Vidya Bhushan Award for her distinguished work in medical education in ICOG Mumbai 2021.

- "Presidential Recognition Award" from the International Menopause Society (IMS) for her outstanding service to the Society, presented at the 16th World Congress on Menopause, Vancouver, Canada, 2018.
- Awarded the Midday Powerful Women 2022 for "Iconic Gynecologist & Fertility Expert" March 7th, 2022.
- Awarded the National Fertility Awards for "ICON of the Year (OB-GYN, National)" from ET Healthworld, 25th February 2022.
- Featured in the Outlook Magazine "Top Docs Mumbai 2022" in Mumbai, January 2022.
- Dr. Duru Shah has been declared by BabyChakra as India's 10 Super Moms for their role in society-building
- Featured in India Today Magazine for Accomplishment and Commitment to Medicine- "Top Docs – Mumbai 2022" August 2022

Awards related to Social Causes:

- Received the "Mahatma Award 2021" for Social Responsibilities and Gender Equality October 1st '2021, from Dr. Kiran Bedi first woman IPS officer of India and 24 Governor of Puducherry.
- Recipient of the Black Swan Award for Women Empowerment, 2021
- "OPPI Recognition Award" by Hon. Minister of State, Smt. Anupriya Patel, for outstanding contribution in the field of women's health, Delhi, India, July 2018
- Dr. Shah has lectured extensively both nationally and internationally and created excellent academic programs for postgraduate students and clinicians in the field of Gynaecological Reproductive Endocrinology and Assisted Reproduction.
- Dr. Shah is a Member on the Editorial Board of:-
- "The Obstetrician & Gynecologist" the Journal of the Royal College of Obstetricians and Gynecologists (RCOG) London.
- "Climacteric" – the Journal of the International Menopause Society, since 2010
- Journal of Human Reproductive Sciences-the Journal of the Indian Society for Assisted Reproduction (ISAR)
- Member of the EDITORIAL Board of "Gynecological and Reproductive Endocrinology and Metabolism" -the ISGE new open-access Journal.
- She has served as the Editor of the "Journal of Midlife Health" of the Indian Menopause Society during 2012-2014.

Her areas of interest are Assisted Reproduction, Women's Health and High Risk Pregnancy.

- On the Social front Dr. Shah's passion has always been to focus on "Adolescent Reproductive and Sexual Health" and has been working on this front since the year 2000 after having created several social programs related to Adolescent Reproductive and Sexual Health, Sexual Abuse (STAR, Growing up and Kishori programs) through FOGSI, She is currently focusing her attention on Gender Violence and Women's Rights through her own NGO "The Women's Empowerment Foundation" which is now the Metropolis Foundation. She has created a unique App called "Tooshytoask" for adolescents on Reproduction and Sexual Health which is currently available in 5 languages free to download on both AppStore and Playstore.

Professor **Edgar Mocanu, - Ireland,**

Dr Mocanu is a practitioner and educator. He is a Specialist in Obstetrics and Gynaecology, an RCOG certified Subspecialist in Reproductive Medicine and Surgery and a Consultant atthe Rotunda Hospital, Dublin. Edgar holds a Doctor in Medicine degree from Trinity College Dublin and is an Honorary Clinical Senior Lecturer with the Royal College of Surgeons in Ireland.

He divides his time between providing clinical care, academic education and engaging and contributing to the activities of international organizations such as ESHRE, FIGO, IFFS and the WHO. He is serving as IFFS President Elect. His research interests are in medical education, preventive reproduction, access to fertility care, oncofertility, genetics in male infertility, reproductive surgery and lean services in ART.

Professor Eli Y. Adashi, M.D., MS, MA (ad eundem), CPE, FACOG, FRCOG (ad eundem) USA

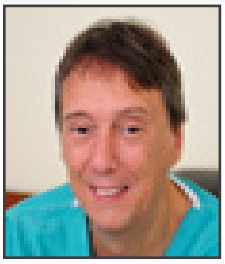

- Professor of Medical Science
- Former Dean of Medicine and Biological Sciences
- The Warren Alpert Medical School
- Division of Biology and Medicine
- Brown University
- Business Address: 272 George Street, Providence, RI 02906 Business Phone: 401 274 4032
- E-mail address: Eli_Adashi@brown.edu
- The former (5th) Dean of Medicine and Biological Sciences at Brown University, Dr. Adashi, an academic physician-executive, is a graduate of Tel Aviv University School of Medicine (MD, 1973) and the Harvard T.H. Chan School of Public Health program in Health Care Management (MS, 2005). A former president of the Society for Reproductive Endocrinologists (SRE), the Society for Gynecologic Investigation (SGI), and the American Gynecological and Obstetrical Society (AGOS), Dr. Adashi also served as Examiner and Director of the Division of Reproductive Endocrinology of the American Board of Obstetrics and Gynecology (ABOG).
- Dr. Adashi completed residency training in Obstetrics and Gynecology at Tufts University (under the leadership of George W. Mitchell, Jr., MD) (1974-77). Thereafter, Dr. Adashi pursued fellowship training in the subspecialty of Reproductive Endocrinology and postdoctoral training in reproductive biology at Johns Hopkins University (under the leadership of Georgeanna Seegar Jones, MD and Howard W. Jones, Jr., MD) and at the University of California at San Diego (under the leadership of Aaron J.W. Hsueh, PhD and Samuel S.C. Yen, MD, DSc), respectively (1977-81). Faculty positions were held at the University of Maryland (1981-1996), the University of Utah (1996-2004), and Brown University (2004-present). Prior to joining Brown University, Dr. Adashi was the John A. Dixon Endowed Presidential Professor and Chair of the Department of Obstetrics and Gynecology at the University of Utah Health Sciences Center (1996-2004) and the founder and leader of the Ovarian Cancer Program of the Huntsman Cancer Research Institute (1999-2004).
- An elected member of the National Academy of Medicine of the National Academy of Sciences (NAM;1999), Dr. Adashi served on the Consensus Committees on Antiprogestins: Assessing the Science (1993), Understanding Premature Birth and Assuring Health Outcomes (2005-2006), Human Embryonic Stem Cell Research (2006-

2009), and Women's Health Research (2008-2012). In addition, Dr. Adashi served as co-chair of the Consensus Committee on Reducing Childbirth Mortality in Indonesia (2012-2013). Dr. Adashi also served as reviewer/review coordinator for 25 NAM reports, as chair of the Maternal & Child Health and Human development (IG-07) interest group (2009-2011), and as a member of the Board on Health Sciences Policy.

- Mentor to over 50 postdoctoral trainees and fellows, Dr. Adashi is the author or co-author of over 500 peer-reviewed publications and 120 book chapters/reviews in the general areas of reproduction, medicine, science, public health, law, bioethics, and human rights. The editor or co-editor of 16 books, Dr. Adashi's work has also seen press with the New York Times, the Washington Post, the Boston Globe, the Huffington Post and several other media venues. Multiple academic presentations were delivered in Europe, Japan, Korea, China, Taiwan, Australia, and South America.
- Dr. Adashi has been the recipient of continuous National Institutes of Health (NIH) funding from 1985 to 2005 inclusive of a Research Career Development Award. NIH service included but was not limited to membership with the National Council of the National Institute of Child health and Human Development (NICHD)(1997-2001), the Reproductive Endocrinology Study Section (1988-1992), and the Selection Committee of the Reproductive Scientist Development Program (RSDP)(1988-2005). Participation in multiple NIH site visits appears noteworthy as well. Mention is also made of service on degree-granting committees and of multiple ad hoc grant reviewing assignments for the National Science Foundation, the March of Dimes Birth Defects Foundation, Veterans Administration, United States Department of Agriculture, and The Welcome Trust.
- Apart and distinct from serving on the editorial board of multiple journals, Dr. Adashi also served as Editor-In-Chief of Seminars in Reproductive Medicine and as the Associate Editor of Endocrinology, Journal of the Society for Gynecologic Investigation, Reproductive Medicine Review, Seminars in Reproductive Endocrinology, Reproductive Medicine Review, and Reviews in Endocrine and Metabolic Disorders. Frequent service as a Guest Editor is noted as well.
- Presently, Dr. Adashi is the chair of the Medical Executive Committee and the Medical Advisory Council of the Jones Foundation for Reproductive Medicine, a member of the Advisory Council of The Hastings Center, and a member of the Board of Governors of Tel Aviv University. A Franklin fellow and Senior Advisor on Global Women's Health to the Secretary of State Office of Global Women's Issues (1st term of the Obama Administration), Dr. Adashi is a former member of the Board of Directors of Physicians for Human Rights (PHR) and the Population Connection. Dr. Adashi is also a former member of the Council on Foreign Relations (CFR), the Global Agenda Council on Population Growth of the World Economic Forum, the Medicare Evidence Development & Coverage Advisory Committee (MEDCAC) of the Centers for Medicare & Medicaid Services (CMS), the Policy Working Group of the National Action Plan for the Prevention, Detection, and Management of Infertility of the U.S. Centers for Disease Control (CDC), and the Access to Care Task Force of the American Society for Reproductive Medicine (ASRM). In addition, Dr. Adashi is a former advisor to the National Committee for Quality Assurance (NCQA; Women's Health Stakeholder Panel), the World Health Organization

(WHO; Maternal and Perinatal Health Research group, Tobacco Free Initiative, and Interagency Task Force on Tobacco Control), the World Bank (Reproductive Health and Population Program Action Plan: 2010-2015), the Rockefeller Foundation (Role of mHealth in the prevention and treatment of Maternal Mortality), and the Bill and Melinda Gates Foundation (Chair, Preeclampsia and Eclampsia: Current evidence and research gaps).

- As a tenured Professor of Medical Science at Brown University, Dr. Adashi is maintaining multiple educational responsibilities inclusive of the directorship of the Healthcare in America course (a highly subscribed medical school elective) and the directorship of the Healthcare Policy Concentration (a medical school elective for students with special interest in Healthcare Policy).

Professor Eric Jauniaux, MD, PhD, FRCOG, UK Professor in Obstetrics and Fetal Medicine, EGA Institute for Women Health, Faculty of Population Health Science, University College London, London, UK.

- Eric Jauniaux has worked for over 30 years on placental and fetal development and on the diagnosis and management of placental related-complications of pregnancy.
- His work on the establishment of the placental circulations in early pregnancy, on the role of oxygen in normal and abnormal placental development, and on the functions of the chorionic cavity and secondary yolk sac has enabled a better understanding of the mechanisms associated with miscarriages, the transfer pathways between the mother and her developing fetus and on the pathophysiology of placental cord anomalies such as accreta placentation, low placentation & velamentous insertion of the cord.
- He is the author/co-author of over 430 peer-reviewed original articles and has edited/co-edited 13 books, including Embryonic medicine & therapy with Sir Bob Edwards (Nobel Prize in Medicine 2010). He was awarded the international prize for research in placentology by the International Placental Federations Association (IPFA) and a personal chair at UCL in 2002.
- As Co-Chair of the FIGO Education, Training and Capacity Building committee between Oct 2009-Oct 2015 he has organised numerous basic ultrasound training and surgical courses in low-resources countries in Africa and South-America.
- In 2006, he co-founded Medical Aid Films (MAF) a UK-registered charity [no 1121578] to provide multi-media programs for education and training in maternal and child health for developing countries (www.medicalaidfilms.org). MAF received the BAFTA's Gift of the Academy in 2017 and UK Asian Voice Charity Awards in 2019.

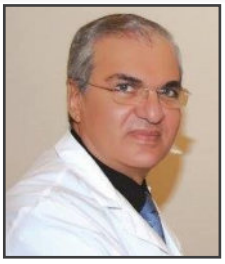

Professor Fuminori Kimura, M.D., Ph.D. Japan

EDUCATIN

- 2002 Ph.D. Department of Obstetrics and Gynecology, Shiga University of Medical Science, Otsu, Japan
- 1993 M.D. Department of Obstetrics and Gynecology, Shiga University of Medical Science, Otsu, Japan

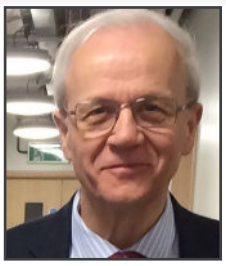

PROFESSIONAL TRAINING AND EMPLOYMENT

- Sep 2022- Professor, Department of Obstetrics and Gynecology Nara Medical University, Kashihara, Japan
- Jul 2015- Associate Professor, Department of Obstetrics and Gynecology,Shiga, University of Medical Science, Otsu, Japan
- Nov 2010 Assistant Professor, Department of Obstetrics and Gynecology, Shiga, University of Medical Science, Otsu, Japan
- Sep 2008 University of Massachusetts Amherst, Department of Biology Senior research associate
- Sep 2007 University of Massachusetts Amherst
- Pioneer Valley Life Sciences Institute Postdoctoral fellow
- Oct 1999 Assistant Professor, Department of Obstetrics and Gynecology,Shiga, University of Medical Science, Otsu, Japan
- Apr 1993 Resident, Department of Obstetrics and Gynecology, Shiga University of Medical Science, Otsu, Japan

Professor **Hassan Ali Nour El Din Nasrat, KSA**
M.B.B.Ch Cairo University, Egypt
FRCS, FRCOG

- Professor of Obstetrics and Gynecology, and Fetal Medicine Faculty of Medicine, King Abdulaziz University Hospital- Jeddah- Saudi Arabia.
- Ex-Chairman of the Department of Obstetrics and Gynecology, King Abdulaziz University Hospital.
- Ex-Chairman of the Obstetrics and Gynecology Saudi Health Specialty Training Committee in the Western Region (2003-2006).
- Former Director of the Fetal Medicine Unit
- Former Chairman of Royal College of Obstetrician and Gynecologists (RCOG) Representative Committee in Saudi Arabia.
- Former Editor In-Chief of the Saudi Journal of Obstetrics and Gynecology.
- Former Chairman of the Research Ethical Committee at the Faculty of Medicine King Abdulaziz University.

Professor Ioannis E. Messinis, MD, PhD (Aberdeen, UK), FRCOG. Greece
Department of Obstetrics and Gynaecology, University of Thessaly, School of Health Sciences, Faculty of Medicine, Larissa, Greece

- Professor Emeritus of Obstetrics and Gynaecology, University of Thessaly, Greece
- Past Chairman of the Department of Obstetrics and Gynaecology, Univesrity of Thessaly, Larissa, Greece
- Past Rector of the University of Thessaly
- Past Dean of the School of Health Sciences, University of Thessaly
- Former Assistant and then Associate Professor of Obstetrics and Gynaecology, University of Ioannina, Greece
- Former Lecturer in Obstetrics and Gynaecology, University of Edinburgh
- Former Senior Lecturer in Obstetrics and Gynaecology, University of Aberdeen
- Past President of the Mediterannean Society for Reproductive Medicine (MSRM)
- Past member of the Executive Committee of the European Society of Human Reproduction and Embryology (ESHRE)
- Past President of the Hellenic Society of Obstetrics and Gynaecology
- Past President of the Greek Society of Gynaecological Endocrinology
- Past member of the Executive Board of the European Board and College of Obstetrics and Gynaecology (EBCOG)
- Chairman of the Standing Committee on Examinations (SCE) of EBCOG
- "Fellow ad Eundem" – Royal College of Obstetricians and Gynaecologists
- "Excellence" in recognition of the contribution to the review process of the journals Human Reproduction and Human Reproduction Update
- Past Associate Editor of Human Reproduction
- Past Editor-in-Chief of the Hellenic journal of Obstetrics and Gynaecology
- Section Editor of Reproductive Biomedicine Online
- Reviewer in 40+ international peer-reviewed journals
- 235 publications in peer-reviewed international scientific journals (PubMed) and 65 in National journals
- h-index 49, Citations 7449 (Google Scholar)

Professor Jacques Donnez, Belgium

- Pr. Jacques Donnez is the Director of the SRI (Infertility Research Unit) in Brussels, Belgium. He is also a Professor at the Catholic University of Louvain, Belgium. He has focused his research activities on three main topics: tubal infertility, endometriosis and finally, ovarian cryopreservation and transplantation.
- He studied at the Catholic University of Louvain.
- He defended his PhD thesis in 1984, entitled "The fallopian tube: normal and pathological histophysiology".
- He became Full Professor and Head of the Department Gynaecology and Andrology in 1986.
- He also founded the Academic Infertility Research Unit of the Catholic University of Louvain in 1986.
- He has focused his research activities on three main topics: tubal infertility, endometriosis and finally, ovarian cryopreservation and transplantation.
- He published over 700 original articles in peer-review journals.
- Prof. Donnez was the founding president of ESGE (European Society of Gynecological Endoscopy) and the first president of WES (World Endometriosis Society)
- Prof. Donnez was the first President of the International Society for Fertility Preservation (ISFP).
- He has been elected in February 2009 at the Royal Belgian Academy of Medicine.
- Since 2012, he is Professor Emeritus at the Catholic University of Louvain and Director of SRI (Société de Recherche pour l'Infertilité) in Brussels.
- Member of several SAB (Scientific Advisory Boards), he is still involved in several clinical international multicenter studies on endometriosis and uterine fibroids, and collaborates with the Academic Unit of Prof. M.M. Dolmans, project leader and pioneer in the field of fertility preservation in women.

Professor Jaideep Malhotra, MD, India

MD, FICOG, FICS, FIUMB, FMAS, FRCOG, FRCPI

- A pioneer in women's health for over three decades, a dedicated obstetrician, super specialist in infertility, an ace sonologist, and an eminent speaker in national & international arena on all possible facets of Obs & Gyn. She graduated and post graduated from the Aligarh Muslim University, one of the premier institutions in the country and has had a wonderful educational journey along with being the best National Medical Sports woman during her medical career.
- Dr Jaideep Malhotra has been practising obstetrics in the city of Agra since 1986 and has delivered over 12000 babies. Her passion for Safe Motherhood led her to work on Pregnancy problems & addressing them in the 9 month window of opportunity and she has given the call of Adbhut Matrutva (Incredible Motherhood).
- She is one of the very few in the world to be conferred Honorary Fellowships of both Royal College of Obstetrics and Gynaecology of (UK) (FRCOG) and Fellowship of Royal College of Physicians (Ireland (FRCPI)).
- She is the Regional Director for South East Asia for Ian Donald School and one of the earliest proponents of the school in India.
- She is the only gynaecologist in the world to head 6 professional organizations and the first woman President of ASPIRE (Asia Pacific Initiative in Reproduction), and her contributions in developing the ASPIRE standard of minimum care statement and accreditation of ART centres in Asia Pacific ,along with the development of ISAR-ASPIRE fellowship courses have been well appreciated all over the world.
- She is also Vice President of InSARG (Indian Society of Aesthetic and Regenerative Gynaecology) InSARG.
- She is Chair of the FIGO Reproductive Endocrinology & Infertility Committee and a very active member FIGO Environmental Health Committee and Past Member of FIGO Working Group on RDEH (Reproductive & Developmental Environmental Health) / C2TE2.
- She is also member of Accountability Group of PMNCH (WHO) (Partnership for Maternal, Newborn & Child Health)
- In 2018 January, Dr Jaideep Malhotra took over as President of FOGSI (Federation of Obstetrics and Gynaecological societies of India) which has 36000 members in 250 societies and had given the slogan "Give her wings and let her soar" where HER stands for Health, Empowerment and respect for the women of our country, and besides the hundreds of CME's, Dr Jaideep has initiated major heart touching projects this year, which are very thought provoking and have a long term impact. She has this whole year worked hard to distress fraternity and build up doctor patient relationship.
- As the Past President of Indian menopause society, she launched Club 35 plus for educating

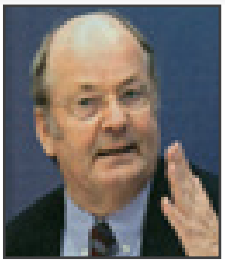

women on life after 35 years and she is immediate past president of South Asian Federation of Menopause societies and working on sensitizing women all over the region on geriatric health.

- She is Past President of President of Indian Society of assisted reproduction and Indian Society of Prenatal Diagnosis and Therapy and working on streamlining ART practice in the country by making guidelines and consensus statement for uniform practices.
- Dr Jaideep has really worked towards patient awareness throughout her life by creating a lot of educational videos and giving many lectures to public. Her aim is to inspire and educate the local public on various issues. Last year she made many powerful films like on Garbh Sanskar-Adbhut Matrutva, Gali Mein Dhak and Meri Marzi on Contraception. Main Banjh Nahi Hu on Infertility, Doshi Kaun on Patient-Doctor Relationship. She also developed a Patient Education Mobile App called "iMumz" this year.
- She edits two journals for the SAFOG and the SAFOMS and is on the editorial board of ASPIRE and many other journals. She has authored and co-authored many books and written chapters for over 37 books. The outstanding best sellers of these are the MALHOTRA step by step series which are being published in various languages and Managing infertility in low resource for AOFOG.
- She takes her corporate and social responsibility very seriously, which led to the inception of SMRITI a NGO, which has been working towards the upliftment of women and the "Beti Bachao, Beti Padhao" drive in Uttar Pradesh from the year 2000. Under the able leadership of Dr. Jaideep Malhotra & Dr. Narendra Malhotra the NGO SMRITI is in the dreams of adopting 1 lac girls by taking care of their educational & medical requirement.
- The slogan "Beti Bachao, Beti Padhao" (Educating the Girl Child) was given by FOGSI in 2008 and "Chalo Gaon Chalein" (Let us go to villages) was the call given under this banner as a massive awareness campaign, "Bharat Jagruti Yatra" was organised by Dr Jaideep Malhotra in 2008 under then FOGSI President Dr Narendra conducted on womens' health across the length & breadth of India.
- She is also educating general population on health issues, through documentary films and under her leadership FOGSI has started You tube channel for Public education.
- Her contributions in the field are not limited to India, she has worked untiringly in empowering fraternity from neighbouring countries and has established ART centers in Nepal and Bangladesh and in three Medical colleges in India and She also is advisor to these.
- She is a recipient of many awards nationally and internationally, including the Nepal samman from the Prime minister of Nepal twice for producing first three hundred babies of Nepal.
- Dr Jaideep Malhotra has designed & floated an app called iMumz – A Pregnancy Companion. This app addresses pregnancy in a Holistic way and is based on the ancient culture of "Garbh Sanskars" and addresses issues of health pregnancy and fetus in utero. The app was awarded the Best indigenously designed app in India as Prime Minister AatmaNIrbharApp Challenge Award.
- Dr Jaideep is also heading an NGO, SMRITI- New Levels of Care which works nationally for upliftment of the Girl Child in India. During the COVID Pandemic, Dr Jaideep offered her services without break to the women of Agra and was awarded Corona Worrior prize also.
- Dr Jaideep Malhotra also initiated an all-woman's Rotary Club of Agra GRACE and presently leading as a President for working towards the health, overall development not only for the services for the society but also contributing towards the betterment of the environment.

19- Professor Joe Leigh Simpson, USA

- Joe Leigh Simpson, MD, FACOG, FACMG, FRCOG, received his undergraduate and medical education at Duke University and postgraduate training at Cornell University Medical College (New York City). Academic positions have included Professor at Northwestern University (1975-1986), Professor and Chairman (Obstetrics and Gynecology) at University of Tennessee, Memphis (1986-1994), Professor and Chairman (Obstetrics and Gynecology) at Baylor College of Medicine (1994-2006), and Professor and Founding Executive Associate Dean for Academic Affairs at Herbert Wertheim College of Medicine (HWCOM), Florida International University (2007-).
- Dr. Simpson has contributed to many components of reproductive genetics and prenatal genetic diagnosis. He is certified in Medical Genetics as well as in Obstetrics and Gynecology. He has written over 800 articles and chapters. His major books include seven editions of Obstetrics: Normal and Problem Pregnancies and three editions of Genetics in Obstetrics and Gynecology. His research has been funded by the National Institute of Health and multiple other agencies.
- Dr. Simpson has served in leadership roles on many national and international committees, and many professional organizations. He has been President of International Federation of Fertility Societies, American Society for Reproductive Medicine, American College of Medical Genetics and Genomics, Preimplantation Genetic Diagnosis International Society, International Society for Prenatal Diagnosis, and Society for Reproductive Investigation. He is a member of the U.S. National Academies of Sciences, Engineering and Medicine.

Professor K. Diedrich, Germany

Name: Prof. Dr. med. Klaus Hermann Rolf Diedrich
Birth: 28.04.1946
Birth-place: Nordenham
Parents: Dr. med. Hermann Diedrich, M. D. Rita Diedrich (maiden-name: Ehrlich), lady of the house

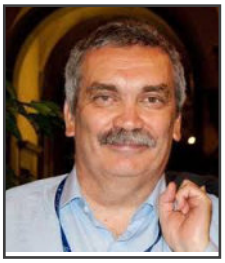

1966:	High school graduate at the Matthias- Claudiu Gymnasiumin Hamburg
1966:	Start of studies in human medicine at the University of Hamburg
1967:	Naturwissenschaftliche Vorprüfung in Hamburg
1968:	Ärztliche Vorprüfung
1972-73:	Junior house officer in surgery and internal diseases
1973-74:	Military service as M. D.
1974-78:	Senior house officer in OB/GYN at the university clinic of Hamburg.
1979:	Consultant at the department of OB/GYN at the university clinic of Lübeck.
1981:	Ph. D. in Obstetrics and Gynecology.
1982:	Marriage with Christa Diedrich, M. D.
1983:	Birth of a son
1984:	First consultant at the department of OB/GYN of the University clinic of Bonn; University Professor
1984:	Founding member of the European Society of Human Reproduction and Embryology (ESHRE).
1985-91:	Secretary of the European Society of Human Reproduction and Embryology (ESHRE).
1991-93	Chairman-elect of the European Society of Human Reproduction and Embryology (ESHRE)
1993:	Head of department of Obstetrics and Gynecology of the University clinic of Lübeck, resident of the European Society of Human Reproduction and Embryology (ESHRE)

1993:	President of the European Society of Human Reproduction and Embryology (ESHRE)
1994-2000	Secretary of the German Society of Obstetrics and Gynecology (DGGG).
2001:	Member of the German Academy of Science Leopoldina.
2000:	Vice-president (chairman-elect) of the German Society of Obstetrics and Gynecology (DGGG).
2002:	President of the German Society of Obstetrics and Gynecology (DGGG).
2004:	Vice-president of the German Society of Obstetrics and Gynecology (DGGG).
2006:	Vice Dean of the University of Lübeck
2006:	Fellow of the Royal College of Obstetrics and Gynecology.
2006:	Foundation of the German-Greek Society of Obstetrics And Gynecology by Prof. Agorastos (President) and Prof. Diedrich (Vizepresident).
2009:	Medical Director of the University Hospital of Lübeck.
2009"	Doctor honoris causa of the Aristoteles University of Thessaloniki.
2009:	Doctor honoris causa of the University of Alexandropoulis.
2010:	Medical director of the University Hospital Schleswig-Holstein, Campus Lübeck.
10/2012:	Lending of the Carl-Kaufmann-Medaille, the highest Honouring in the gynecology and obstetrics in Germany, Switzerland and Austria.
12/2013	Admission of the activity as a reproductive doctor in the centre for reproductive medicine of Amedes, Hamburg, Mönckebergstrasse.
2014:	Honorary Member of ESHRE Member of 18 national and international Editorial boards. Publications: 530 in national and international journals.

Professor Leroy Endozien, Nigeria

- LeRoy Chuma Edozien is a medical doctor and doctor of law. He holds degrees in Basic Sciences (BSc, MSc), Medicine (MB BS) and Law (LLB, MPhil, PhD) from the Universities of Ibadan, London and Glasgow, as well as specialist qualifications (FWACS, FRCOG, MRCPI) in Obstetrics and Gynaecology.
- He had a distinguished career as an obstetrician/gynaecologist in the UK, receiving a national clinical excellence award in 2008. Medical students of the University of Manchester honoured him as an 'Exceptional Role Model' in 2009. His Labour Ward Handbook was shortlisted for the Medical Book of the Year in 2010 and his Medical Law book, Self-determination in Health Care (2015) was acclaimed for its 'original contribution to scholarship in the field.
- Between 2019 and 2022 he served as President of the International Society of Psychosomatic Obstetrics and Gynaecology (ISPOG) which champions the biopsychosocial model of care.
- He is currently Professor and Director, Institute of Advanced Clinical Sciences Education, University of Medical Sciences, Ondo City, Nigeria.

Professor Luca Gianaroli, Italy

- Dr. Luca Gianaroli, MD, FRCOG – Scientific Director in S.I.S.Me.R. since 1995 Dr. Luca Gianaroli is specialist in Reproductive Medicine since the end of the Seventies. He is the Scientific Director of S.I.S.Me.R. (Italian Society for the Study of Reproductive Medicine) and he holds the position of Scientific Director of I.I.A.R.G., the International Institutes of Advanced Reproduction and Genetics and of IIRM SA. He is also Honorary Professor at the School of Biosciences of the University of Kent. Active member of several international scientific societies in which he has covered and currently covers roles of primary importance, he has served as Chairman of the Italian Society of Reproduction and of the European Society of Human Reproduction and Embryology (ESHRE). He is a member of the ESHRE Certification Committee and he is the coordinator of the Steering Committee of the ESHRE ART Centre Certification. He is also a member of the steering committee of the ESHRE Certification for Reproductive Endoscopic Surgeons. In 2014, he was appointed as Fellow ad eundem of the Royal College of Obstetricians and Gynaecologists.

Professor Marie-Madeleine Dolmans, Belgium

- Marie-Madeleine Dolmans is gynecologist, and she divides her time equally between clinical and research activities. She is Head of the Gynecology Research Unit at the Université Catholique de Louvain since 2012.
- She is currently President of the International Society for Fertility Preservation (ISFP).
- Her research work focuses on human ovarian cryopreservation and transplantation, fibroids and adenomyosis.

Professor Mats Brännström, MD, PhD. Sweden
Department of Obstetrics and Gynecology
The Sahlgrenska Academy, Sahlgrenska University Hospital, SE 413 45
Gothenburg, Sweden +46 736 24 44 55
Mats.brannstrom@obgyn.gu.se

- Professor Mats Brännström completed his MD in 1985 and a PhD in Physiology in 1988. After residency training in Obstetrics and Gynecology, he subspecialized in Gynecological Oncology and in recent years also in Reproductive Medicine. His main research interest for the first half of his scientific career was basic ovarian physiology and clinical conditions associated to ovarian disorders. Professor Brännström has published around 150 scientific papers on related topics such as mechanisms of ovulation, PCOS, OHSS and ovarian cancer. During the last two decades, Mats Brännström has continued with ovarian research but has also opened up a research line on uterus transplantation, towards a treatment for absolute uterine factor infertility. Brännström is today regarded as the pioneer of uterus transplantation. In 2002 his group demonstrated for the first time ever live births in a uterus transplantation animal (mouse) model. By a systematic, translational approach, including two rodent species, two large domestic species as well as non-human primates, Brännström and his team was able to optimize uterus transplantation towards human trials. In 2013 Brännström and his team conducted the first clinical trial of uterus transplantation, including nine live donor uterus transplantation procedures. Nine women underwent uterus transplantation and the world´s first live birth after this procedure took place in Sweden in September 2014. Totally nine babies were born from this initial uterus transplantation trial. Subsequent clinical trials have involved introduction of robotic-assisted surgery in uterus transplantation. Today more than 80 uterus transplantation procedures have been performed worldwide and with more than 50 babies born. Successful transplants have occurred in more than 10 centres in four continents. The Swedish team has been involved in training and surgery at most of the centres. Brännström was a founding member and the first president of the International Society of Uterus Transplantation (ISUTx) and is now the registry chair of the international ISUTx registry, which collects worldwide data on uterus transplantations and outcomes. Professor Brännström is the author of around 250 research papers and 150 review articles. His articles have been cited more than 12,000 times. He has been the main supervisor of 21 PhD students. Professor Brännström has been visiting professor at Harvard and Mayo Clinic. He is currently adjunct professor at Baylor College of Medicine.

Associate Prof. Miyuki Harada, M.D., Ph.D. Japan

- Is an Associate Professor of the Department of Obstetrics and Gynecology, Faculty of Medicine, at the University of Tokyo.
- She is a board-certified specialist in Obstetrics/Gynecology, Reproductive Science, Women's Health, and Laparoscopic Surgery. Dr. Harada received her degrees, M.D. and Ph.D., from the University of Tokyo. Her postdoctoral training included a fellowship at Prof. KMJ Menon Lab in ObGyn/Biochemistry, Medical School, at University of Michigan in Ann Arbor, USA.
- Her research goal is to overcome ovarian dysfunction caused by various environmental and/or chronological insults and to provide preconception care targeting ovarian function to women who may desire child-bearing in future. Her basic science research has focused on follicular microenvironment regulating ovarian pathophysiology including PCOS, chemotoxicity, and ovarian aging. Recently, she has also been interested in gut microbiome in these pathologies, given that pre/pro/post-biotics are well-acceptable intervention for women who want to conceive.

Professor Mohamed Bedaiwy, Canada

- Dr. Mohamed Ali Bedaiwy MD, PhD, FACOG, FRCSC is Professor with tenure and Division Head of Reproductive Endocrinology and Infertility, Department of Obstetrics and Gynecology, Faculty of Medicine, the University of British Columbia, Vancouver, Canada. Dr. Bedaiwy is a member of the Board of Directors of the Canadian Fertility and Andrology Society.
- Dr. Bedaiwy is double board certified by the American Board of Obstetrics and Gynecology in obstetrics and Gynecology and Reproductive Endocrinology and Infertility. He is also a fellow of the American College of Obstetrics and Gynecology and a fellow of the Royal College of Physicians and Surgeons of Canada.
- Dr. Bedaiwy received his medical degree from Assiut University School of Medicine, Egypt where he graduated Valedictorian, summa cum laude.

Dr. Bedaiwy completed:

- Residency in Obstetrics and Gynecology and Reproductive Endocrinology and Infertility at the University Hospital Case Medical Center, CWRU, Cleveland, Ohio, USA.
- Clinical Fellowship in Reproductive Endocrinology and Infertility at the University Hospital Case Medical Center, CWRU, Cleveland, Ohio, USA.
- Clinical Fellowship in Minimally Invasive Surgery at the Cleveland Clinic Foundation, Cleveland, Ohio, USA.
- Research Fellowship in Reproductive Biology and Minimally Invasive Surgery at the Cleveland Clinic Foundation, Cleveland, Ohio, USA.
- Fellowship in Reproductive Sciences, University of Toronto, Toronto, Canada
- PhD from the University of Maastricht, the Netherlands.
- Dr. Bedaiwy is a prolific author with over 375 peer reviewed papers, abstracts, book chapters and videos. Dr. Bedaiwy's H index is 46 and his research was cited more than 9000 times. He was also the Associate Editor of the Human Reproduction Journal (2012-2016) and currently on the editorial of the Journal of minimally invasive Gynecology and Journal of Ovarian Research. Dr. Bedaiwy has had a career-long interest in high quality medical care, research and education. He is the past scientific program chair of World Congress of Endometriosis 2017. Dr. Bedaiwy Serves as an ambassador for the World Endometriosis Society.
- Dr. Bedaiwy's research is focused on advancing basic and clinical knowledge about endometriosis, Recurrent Pregnancy Loss, Uterine Disorders, assisted reproduction and early pregnancy complications. He also has interest in minimally invasive surgery and fertility preservation. Dr. Bedaiwy has served as Chairperson of Postgraduate courses at ASRM, CanSAGES, CFAS, WCE and the AAGL that deal with different aspects of reproductive surgery, endometriosis, and infertility enhancing procedures. Dr. Bedaiwy supervised and trained more than 60 medical students, residents, clinical fellows, research fellows, Master and PhD students in the USA and Canada. He has served on review committees for the NICHD and is an oral examiner for the Royal College of Physicians and Surgeons of Canada. Dr. Bedaiwy has been the recipient of many international awards for surgical and research excellence from different societies from USA, Canada, Egypt, Jordan, Europe and Australia.

Associate Professor Mohamed Khrouf, Tunis

- Dr Mohamed KHROUF is Associate Professor in Gynecology-Obstetrics at the Faculty of Medicine of Tunis. He, previously, practiced at the public ART center Aziza Othmana Hospital and currently practices at FERTILLIA center, Clinique La Rose.
- He is one of the main promoters of the Tunisian Fertility Preservation Program, and member of the Oncofertility Consortium.
- He held the positions of Secretary General and then Vice-President of the Tunisian Society of Obstetric Gynecology
- He is actual Editor-In-Chief of the African Federation of Fertility Societies
- He has to his credit several articles and international communications in the field of Reproductive Medicine.

Professor **Mohamed Mabrouk MD, PhD, UK**

Mohamed Mabrouk is a Consultant Gynaecologist and Minimal Access Reproductive Surgeon, with
special interests in endometriosis, advanced endoscopic surgery.
Currently he is:

- Co-director of the Cambridge Endometriosis Centre, Cambridge University Hospitals, UK.
- Consultant gynaecologist and endometriosis specialist at the Cleveland Clinic London (CCL)
- Director of Cambridge Endometriosis and Endoscopic Surgery Unit (CEESU) Centre at the Spire Lea Hospital, Cambridge, UK
- Adjunct Professor of Gynaecology in the University of Southern Denmark, Odense, Demark.
- Professor of Obstetrics and Gynaecology at Alexandria University, Egypt.
- President of the Middle East Society of Gynaecologic Endoscopy (MESGE).
- Member of the Advisory Board of the European Endometriosis League (EEL)

He received his training and earned the European Board in Obstetrics and Gynaecology from Bologna University, Italy.

He obtained his PhD in Endometriosis management from VUMC, Amsterdam, The Netherlands.

He worked as a consultant Gynaecology Surgeon in the Sacred Heart Hospital in Negrar, Verona, Italy.

He worked as a senior consultant in the Endometriosis Centre of Bologna University Hospital, Italy.

Mabrouk is a recognised International Expert in the field of endometriosis, surgical anatomy and
minimally invasive surgery.

He is author and co-author of numerous International, peer-reviewed publications and three books.

Dr. Mourad W Seif, MSc, Dip (Mang.), PhD, FRCOG, UK

- Consultant gynaecologist at St Mary's Hospital, Manchester UK. Lead Consultant for reproductive endocrinology and menopause services at St Mary's Hospital, with a special interest in reproductive surgery.
- Having obtained his PhD from Manchester University 1989, on biology of the endometrium, his current special interest is in reproductive medicine, reproductive Surgery & endocrinology, evidence based medicine, systematic reviews, and clinical trials.
- He was awarded Sims Black Professorship by the RCOG in 2013
- He was an editor in the Cochrane Collaboration in Gynaecology and Fertility Group (previously known as menstrual disorder and subfertility) until 2015.
- He has achieved a high profile in Global Women's Health. He is an International Consultant to UNFPA, was the Founder and Coordinator for the RCOG-Eurovision project and was the Project Director and Chair of Steering Group for UNFPA (EECA) project on building capacity on evidence-based guideline/protocols in sexual and reproductive health in Eastern Europe and Central Asia. He was a member of committee, the External Expert and Chief Editor of the European Board & College of Obstetrics and Gynaecology (EBCOG) Standards for Gynaecology. He is member of the Faculty (and co-author) of the EBCOG-Master Class on the adaptation of evidence-based guidelines and was the Responsible Officer for UNFPA-EBCOG Collaboration.
- He was Lead investigator for several clinical trials, including Manchester –Lead for the UKCTOCS on ovarian cancer screening; the largest trial of its kind in the world
- He is an author of large number of peer reviewed publications including Cochrane reviews and supervisor and examiner to higher degrees and undergraduates in the University of Manchester and others in the UK and in Europe.
- Member of the RCOG-Council 2000-06 and Council of the Faculty of Sexual and Reproductive Health (FSRH) 2005-9, revalidation and various other Committees of the RCOG. Represented RCOG in Sri Lanka, India, Sudan, Egypt and Iraq.

Professor Oladapo Ashiro, Nigeria

- Professor Oladapo Adenrele Ashiru is the CEO of the newly established Institute of Reproductive Medicine in Lagos Nigeria. He attended College of Medicine, University of Lagos, (1969 – 1974), graduating with distinction in Anatomy. His postgraduate training took place at the University of Nebraska Medical Center in Omaha (1977-1979).
- Academic and Professional qualifications include MB, BS, Lagos, 1974; MS (Nebraska) 1978; PhD, Nebraska, 1979; HCLD (High Complexity Clinical Laboratory Director), American Board of Bioanalysis, 1997, and CC (Clinical Consultant) ABB-USA, 2012; FASN, FNSEM. He is the President of the African Fertility Society and Association of Anatomical Society of Africa. He is a member of the Executive Council of the International Federation of Fertility Societies and the International Federation of Association of Anatomists and a member of WHO Expert Committee on Infertility. He was made a Professor of the College of Medicine University of Lagos in 1983 at the age of 32 making him the youngest professor of Medicine in Africa till date. He was awarded Officer of the Order of the Federal Republic of Nigeria (OFR), 2005. He was also made an Otunba of Ijebu Land by the Awujale the Paramount Ruler of Ijebu Land in 2006 in recognition of his meritorious work in infertility as Otunba Orodudujoye of Ijebuland. He has received several awards in his field of work.
- Prof Ashiru has published over 140 scientific papers and abstracts in peer-reviewed national and International Journals. He has given series of lectures and television interviews on his field and he writes a Tuesday weekly Column in the Nigerian Punch Newspaper on reproduction and general well-being since 2010. He also contributes to the Guardian, Vanguard and Nation, Thisday, Tribute Newspapers and National Magazines occasionally.
- His area of research interest is mainly in the field of Reproductive Endocrinology and Assisted Reproductive Technology. He discovered and reported the follicle stimulating hormone (FSH) positive feedback mechanism in 1979. Several plenary lectures were given internationally on this work. This knowledge is used clinically in assisted conception technologies in the use of exogenous FSH injection in ovulation stimulation. He pioneered the technique of In-Vitro fertilization and Embryo transfer in West Africa in 1983 (experimental), 1984 (human) co-pioneer of the first test-tube baby through IVF-ET in 1989 with Giwa-Osagie.
- He has equally made significant contribution in the area of experimental, and clinical reproductive toxicology using stereological and modern Mayr medicine methods respectively. He introduced the use of pre implantation genetic diagnosis (PGD)

and embryo selection to remove abnormalities like Down's syndrome and more importantly sickle cell embryos in married sickle cell carriers in Nigeria and also for family balancing.

- Prof. Ashiru also has a diploma in Modern Mayr Medicine from The Austrian Academy of Medicine. Modern Mayr Medicine (2013) a new concept in medical treatment aimed at preventive and curative medicine through proper detoxification, nutrition and bio-identical medications. Prof Ashiru is the CEO and Chief Medical Director of the MART Group of Health services (Institute of Reproductive Medicine) consisting of the Medical ART (Assisted Reproductive Technology) Center, the MART Diagnostic Center, the Mart Medicare (for High Risk Obstetrics and Neonatal care, and the Mart Life Detox Clinic the first modern Mayr clinic in Africa.

Dr. Paul le Roux, South Africa

- Dr Paul le Roux is registered Sub-Specialist in Reproductive Medicine.
- He is the Chief Executive Officer (CEO) of the Cape Fertility Inc – one of the largest private fertility clinics in the country.
- He served as President of the South African Reproductive Medicine Society (SASREG) for two terms, and is currently the Secretary-General of the AFFS (African Federation of Fertility Societies).
- He completed his post-graduate training in Obstetrics and Gynaecology, and his fellowship in Reproductive Medicine at the University of Cape Town.
- His original research work in endocrinology has been published in leading international journals, and he has presented many papers at international congresses.
- His special interests are IVF, gamete donation and fertility preservation. He performed the first laparoscopic ovarian tissue transplant that resulted in a live birth in Africa.
- He has been the Chair of many Local Organising Committees for international congresses in South Africa. He serves as liaison person for new fertility legislation with the National Department of Health.
- He co-authored two IFFS (International Federation of Fertility Societies) Surveillance reports, and wrote the chapters on International Legislation, Guidelines and Post-humous reproduction.
- Cape Fertility is a registered training unit and Dr le Roux is involved in post-graduate training of Reproductive Medicine fellows and embryologists.

Dr. Paversan Archary, South Africa

- MbChB, FCOG(SA), MMed(O&G), Cert.Repr.Med.(SA)
- Dr Pavs Archary is an Obstetrician & Gynaecologist, and Sub-Specialist in Reproductive Medicine in full time practice at 2 Military Hospital and Groote Schuur Hospital Reproductive Medicine Unit, Cape Town, South Africa. He is currently completing a PhD in Reproductive Medicine under the supervision of Professor Silke Dyer, in the field of ART Data Monitoring in Africa.
- He is the Clinical Associate of ANARA, The African Network and Registry for Assisted Reproductive Technology; chair of SARA, The South African Registry for Assisted Reproductive Technology; and is an ICMART (International Committee Monitoring ART) regional contributor for Africa.
- In this role he is responsible for training and skills development in ART data collection in Africa; as well as ART data collection, assimilation, and reporting. Dr Archary has co-authored Regional ART data reports from ANARA, as well as a book chapter on ART Data monitoring in Africa.

Professor Pedro N. Barri Rague, Spain

NAME: Pedro N. Barri Ragué
CURRENT POSITION TITLE Director of the Departament of Obstetrics, Gynecology and Reproduction of the Hospital Universitario Dexeus
DATE OF BIRTH: 06/03/1949
NATIONALITY: ESPAÑA
EMAIL: perbar@dexeus.com
ORCID CODE: 0000-0002-1369-0675

EDUCATION INSTITUTION

- Doctor of Medicine and Surgery (PhD). University of Barcelona, CUM LAUDE (1993)
- Specialist in Obstetrics and Gynecology. University of Barcelona (1973)
- Bachelor in Medicine and Surgery by the School of Medicine of the Universitat Autònoma de Barcelona (1971)

RESEARCH AND PROFESSIONAL EXPERIENCE

- 2010 - President of the Foundation "Dexeus Salud de la Mujer". Barcelona. España.
- 2009- Director of the Chair of Investigation in Obstetrics and Ginecology, Institut Universitari Dexeus, Universitat Autònoma de Barcelona. Barcelona. España.
- 2004 - 2020 Director of the Department of Obstetrics, Gynecology and Reproduction. Hospital Universitari Dexeus. Barcelona (España).
- 1972 Founding Active Member. Institut Universitari Dexeus. Barcelona.España.

HONOURS AND AWARDS

- 2018 Honorary Member of the European Society of Human Reproduction and Embryology(ESHRE)
- 2017 Teaching Commission Award "Genetic matching between recipient and oocyte donors". Current Trends in Clinical Embriology 2017: 4 (2): 52-56.
- 2015 Josep Trueta Medal for Health Merit presented by the Department of Health of the Generalitat de Catalunya.
- 2006 Research Award Basic Research Category in Human Reproduction. Aspectos biológicos maduración in vitro de ovocitos: Evolución ovocitos madurados in vitro y embriones resultantes.
- 1995 Nomination "Metge de l'any PROMEDIC – V Festa de la Sanitat Catalana.
- 1993 Grant from the Health Research Fund of Social Security (FISS). Validation of the use of color Doppler in ovarian cancer screening.

- 1980 Grant of the Europe Council
- 1980 Grant of the Committee of Sélection et d'Evaluation des Medical Coursesof Conseil de l'Europe. Microchirurgie tubaire humaine.

ADVISORY BOARDS, SCIENTIFIC COMMITTEES, ELECTED MEMBERSHIPS

- 2014 Member of the Deontological Commission of the Colegio Oficinal de Médicos de Cataluña y Baleares
- 2014 Honorary Member of the Spanish Gynecological Society.
- 2013 Member of The International Academy of Human Reproduction
- 2012 President of the International Society for Fertility Perservation - ISPF
- 2009 Member of the Advisory Board of the organization "IVF-Worldwide.com"
- 2008 Vice President of the European Gynecology Society
- 2007 Member of the ESHRE Task Force on Ethics and Law
- 2004 Member of the FIGO Advisory Panel on Reproductive Medicine
- 2003 Corresponding member of the Real Academia de Medicina de Cataluña Baleares
- 1991 Honorary Member of the Catalan Contraception Society (ACM).
- 1989 Honorary Member of the Murcian Gynecological Society.
- 1989 Member of the Executive Committee of the European Society of Huma Reproduction and Embriology – ESHRE
- 1988 President of the Spanish Fertility Society (SEF).
- 1987 Honorary Member of the Argentine Society of Sterility and Fertility.
- 1984 Vice President of the Spanish Fertility Society (SEF).
- 1983 Member of the American Fertility Society
- 1982 Member of the Spanish Fertility Society (SEF).
- 1980 Member of the French Sterility Society.
- 1979 Member of the Spanish Cytology Society.

EDITORIAL BOARDS

- 2019 Section Editors European Gynecology and Obstetrics Journal
- 2016 Reviewer of Reproductive BioMedicine Online
- 2015 Member of the Editorial Board of Gynecological Endocrinology
- 2012 Member of the Editorial Board of Journal of Endometriosis
- 2012 Member of the Editorial Board of Journal of IVF-Worldwide
- 2012 Member of Faculty of 1000 for Diabetes & Endocrinology
- 2003 ESHRE Associate Editor of Human Reproduction Update.
- 2002 Reviewer of Fertility and Sterility
- 2000 Member of the Editorial Board of Notebooks of Reproductive Medicine / Member of the Editorial Board of Cuadernos de Medicina Reproductiva.
- 1999 Member of the Editorial Committee Reviews in Ginecología y Obstetricia
- 1990 Reviewer Human Reproduction
- 1975 Member of the Editorial Board of the Colección de Monografías. Clínica Ginecológica.

Professor **Richard Kennedy, UK**

Richard Kennedy is a consultant gynaecologist and specialist in reproductive medicine and is currently Medical Director of the Birmingham Maternity System and Honorary Consultant Obstetrician and Gynaecologist of the Birmingham Women's and Children's Hospital, Birmingham, UK. He has held senior medical leadership roles in the UK and Australia leading service improvement and reconfiguration initiatives. He set up a successful IVF unit in the UK in 1989, was a member of the first NICE infertility clinical guidelines committee and an inspector for the Human Fertilisation and Embryology. He is a past president of the British Fertility Society, immediate Past President of the International Federation of Fertility and Societies (IFFS) and is Chair of the Scientific Committee of the IFFS.

Professor **Sabaratnam Arulkumaran PhD DSc FRCS FRCOG, UK**

- Professor Emeritus of Obstetrics and Gynaecology, St George's University of London (SGUL)
- Professor & Head of O&G SGUL from 2001 to 2013.
- Foundation Professor of O&G, University of Nicosia from 2014
- Visiting Professor, Institute of Global Health Policy Innovation, Imperial College, London from 2012.
- Past President of the FIGO (International Federation of Obstetrics & Gynaecology), of the British Medical Association (BMA) and the Royal College of Obstetricians & Gynaecologists (RCOG) of the UK.
- He was appointed Knight Bachelor by her Majesty the Queen of the UK in her Birthday Honours List in June 2009 in recognition of his services to Medicine and Health Care.

Professor Seang Lin Tan, MBBS, FRCOG, FRCSC, FACOG, MMed (O & G), MBA.

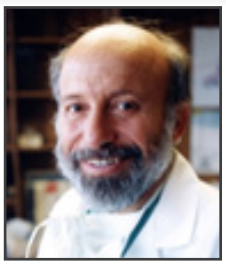

Canada

- Dr. Seang Lin Tan completed his primary medical degree training at University of Singapore (MBBS), the National University of Singapore (MMed in O&G). He subsequently received MRCOG from Royal College of Obstetricians and Gynaecologists, later the FRCOG from Royal College of Obstetricians and Gynaecologists (London), FRCSC from Royal College of Physicians and Surgeons (Canada), FACOG from American College of Obstetricians and Gynecologists, and obtained a MBA (with distinction) from New York University, London School of Economics and HEC Grande Ecole, Paris – TRIUM Executive Program.
- Dr. Tan is currently a Full Professor of Obstetrics & Gynaecology, and holds the endowed James Edmund Dodds Chair in Ob&Gyn, Department of Ob&Gyn, McGill University, he is the founding director and the Medical Director of OriginElle Fertility Clinic and Women's Health Centre Montreal and Ottawa.
- Dr. Tan has served as Chairman of Obstetrics and Gynecology at McGill University for 16 years, during which he founded the McGill Reproductive Centre.
- An internationally recognized Obstetrician and Gynaecologist and an expert in IVF, Professor Seang Lin Tan is a pioneer in the simplification of the IVF process and made a number of FIRSTs nationally or worldwide, such as the world's first air transport IVF pregnancy, the first successful preimplantation genetic diagnosis (PGD) birth in Canada, the first IVM (IVF without hormonal stimulation) in Canada, the first IVM twin birth in the world, the world's first IVM/PGD pregnancy, first baby born in Canada from a previously frozen egg, first four babies in the world born from IVM oocyte vitrification. He and his team was the first in Canada to use IVM of human oocytes for the treatment of infertility.
- He has been awarded world-wide patents (Canada, USA, EU, UK, China, Australia) for the Cryomesh vitrification device which will allow automated oocyte vitrification to be performed. He was co-inventor of the McGill Cryoleaf vitrification device and the IVM culture media.
- Dr. Tan has contributed over 312 original peer-reviewed publications in the most prestigious journals including Lancet, NEJM, and Nature, Nature Genetics, and co-authored 104 reviews/book chapters. Dr. Tan has served in editorial board of 16 scientific journals and journal referee for 12 journals, including Human Reproduction, Reproductive Biomedicine Online.
- Dr. Tan was invited to lecture present his works in over 320 national and international conferences, workshops, forums and symposia, mentored more than 70 clinical or postdoctoral fellows, research students in reproductive endocrinology and fertility. He received as many as 60 awards, honors and distinctions throughout his professional career.

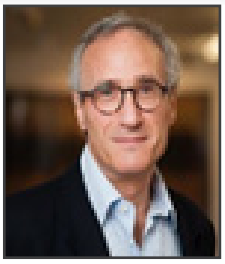

Professor **Shawky Z. A. Badawy, USA**

- Professor, Department of Obstetrics and Gynecology
- Professor, Department of Pathology
- Director, Reproductive Endocrinology and Infertility
- State University of New York, Upstate Medical University
- Syracuse, New York
-
- Dr. Badawy completed medical school, internship and residency at Ain Shams University. He completed his Senior Residency at Upstate Medical University, Syracuse, New York. He completed his Fellowship in Reproductive Endocrinology at Rockefeller University, New York, New York.
- He is Board Certified by the American Board of Obstetrics and Gynecology for both Obstetrics and Gynecology, and for Reproductive Endocrinology. He is a member of many National and International Societies.
- He has 180 publications. He participated in 418 speaking presentations. He supervised many post doctoral thesis for fellows.
- He is interested in research studies related to Endocrinology and Infertility. Presently his research work is related to pathogenesis of Endometriosis.

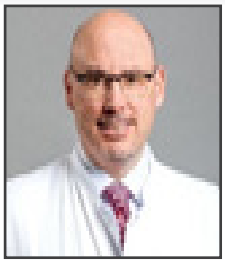

Professor Sherman Silber, USA

- Dr. Sherman Silber, a renowned pioneer in microsurgery and infertility, is considered one of the world's leading authorities on IVF, mini-IVF, spermretrieval, ICSI, vasectomy reversal, male infertility, tubal ligation reversal, egg and embryo freezing, ovary transplantation and the reproductive biological clock.
- For over 46 years Dr. Silber has originally developed all of the most popular fertility treatments used all around the world today.
- He performed the world's first microsurgical vasectomy reversal, as well as the first testicle transplant, in the 70's and now in the current century, the world's first ovary transplant. He was the first to develop the TESE and MESA techniques for retrieving testicular and epididymal sperm in azoospermic men. He headed the clinical MIT team that first mapped and sequenced the Y chromosome in infertile men and discovered the now famous DAZ gene for male fertility. His research includes also the study of reproduction and fertility in zoo animals and endangered species. Most recently he has perfected the preservation of fertility for cancer patients with ovarian freezing and transplantation and thereby figured out how to extend the reproductive biological clock of women. He has helped pioneer minimal ovarian stimulation to reduce IVF costs and eliminate complications while maintaining the very highest success rate, even in older women. He heads the clinical team on the CHOSE project to transform skin biopsy cells into eggs and sperm in humans. He has even recently answered the age-old question of why the dinosaurs went extinct by extending his research on male infertility and the Y chromosome, discovering that the change in earth temperature 65,000,000 years ago led to the birth of a skewed male/female sex ratio.
- He now heads the clinical team on the CHOSE project to transform skin biopsy cells into eggs and sperm in humans.
- Dr. Silber went to medical school at the University of Michigan, did post-graduate training at Stanford University, and then again at the University of Michigan. From 1967 to 1969, he provided medical care via the U. S. Public Health Service to Eskimos, Indians, and Aleuts. Then he taught at the University of Melbourne Medical School in Australia, and later at the University of California Medical School in San Francisco. He is a scientific collaborator at MIT in Cambridge, Massachusetts, at the Kato Clinic in Tokyo, and at the University of Kyushu in Japan, and is a full professor at the University of Amsterdam, and at Sun Yat Sen University Medical School in China. His major clinical medical practice is at St. Luke's Hospital in St. Louis, Missouri.

Professor Stephen Kennedy, UK

- Stephen Kennedy graduated, in 1978, from Keble College, Oxford, in Experimental Psychology. He qualified in medicine at Guy's Hospital, London, in 1984, and then trained at the John Radcliffe Hospital, Oxford; Queen Charlotte's & Chelsea Hospital, London, and the Royal Berkshire Hospital, Reading.
- He held the posts of Research Fellow (1986-89), Clinical Lecturer (1992-94), and Senior Fellow in Reproductive Medicine (1994-99) in the Nuffield Department of Obstetrics & Gynaecology, University of Oxford, before being appointed to the post of Clinical Reader in 1999 and Professor of Reproductive Medicine in 2011. He was Head of Department (2005-19). He was also Clinical Director, Women's Services (2011-13) in the Oxford University Hospitals NHS Trust and then Divisional Director of Children's & Women's Services (2014-19).
- Prof Kennedy has prepared national guidelines on the management of chronic pelvic pain and endometriosis, and was first author on the original ESHRE endometriosis guideline. He established the international OXEGENE Study, which aims to identify susceptibility genes in endometriosis; he also co-developed the EHP-30, the first patient-derived instrument for assessing quality of life in endometriosis. He was a founding board member of the World Endometriosis Research Foundation and, in 2009, he was awarded the International "Arnaldo Bruno" Prize by the Accademia Nazionale dei Lincei, Rome, for his research into the genetic basis of endometriosis.

Professor Sven Becker, MD, PhD, Germany

- The clinical focus of Prof. Becker is advanced laparoscopy and minimally invasive surgery, surgical oncology and gynecological oncology. His academic and scientific focus is teaching gynecologic surgery, exploration of new surgical techniques and researching pathway-adapted therapy of advanced oncologic disease.
- Prof. Becker studied medicine in Mainz (Germany), Paris, Madrid and Tokyo. After training in pathology at Munich University he completed an OB/GYN residency at Johns Hopkins Hospital in Baltimore, USA. He went on to receive both MFM and Gyn-Oncology subspecialisation at Tübingen University Hospital, Germany, where he also received his PhD in Oncology.
- Since 2012, Prof. Becker has been the Director of the Frankfurt University Women`s Hospital as well as Division Head of Gynecologic Oncology and Advanced Gynecologic Surgery.
- 2017 Prof. Becker was offered to become Professor/Chairman at Rotterdam/Leiden Universities (Gyn-Oncology). He opted to stay in Frankfurt, where he has continued to expand his clinical and research team in the areas of advanced laparoscopy, endometriosis treatment, gynecologic oncology and laparoscopic oncology.
- A particular focus of Prof. Becker has been surgical teaching and the advancement of surgical training all over the world. He has lectured in over 20 countries and performed live-surgery in Germany, the United States, Greece, Belgium, Norway, Finland, Russia, Egypt, Sudan, India and the Phillipines.
- Prof. Becker has served on many national and international boards, including as Chairman of a FIGO working group, as member of the AAGL guidlines committee, the ESGE-executive board and the advisory board of the Germany society of endoscopy as well as the Board of Directors of the Frankfurt Comprehensive Cancer Center.

Dr. Tommaso Capezzuoli, Italy

Consultant in Obstetrics and Gynaecology at University Hospital Careggi, Florence, Italy. Residency and PhD program at University of Florence, Florence, Italy. Main interests: Minimally invasive Gynecological Surgery, Endometriosis, Uterine Disorders, Imaging in Gynecology, Infertility. Publications (n=20) in international peer reviewed journals and reviewer for: "Clinical and Experimental Obstetrics & Gynecology". "Journal of Endometriosis and Pelvic Pain Disorders", "BMJ Open", "Frontiers in Bioscience-Scholar", "Advances in therapy" and "European Journal of Gynaecological Oncology".

Professor Wolfgang Holzgreve, Germany

- Wolfgang Holzgreve graduated in medicine from the University of Münster in Germany and in genetics from the University of California in Berkeley.
-
- He became a specialist in obstetrics and gynecology in Germany and did his postdoctoral fellowship in reproductive genetics at the University of California in San Francisco. In 1995 he was appointed as Chair of the Department of Obstetrics and Gynecology at the University of Basel, Switzerland. From there he was recruited back to Germany to become the Medical Director and Chair of the Board of Directors of the University of Freiburg. In 2010/2011 he has been on a sabbatical at the Institute for Advanced Study in Berlin. Since 2012 he is Physician-in-Chief and Chair of the Board of Directors (CEO) of the University Bonn Medical Center.
- Prof. Holzgreve´s main research has been in the area of prenatal diagnosis and therapy, and he was involved with the development of invasive techniques such as chorionic villus sampling and Non- Invasive Prenatal Diagnosis from maternal blood. His research resulted in more than 600 original papers, more than 10 books, Editorial Board memberships of 15 journals.
- He received many awards including the Maternite award, the Liley medal etc, and received seven honorary doctoral degrees. He was President of many professional organizations such as the German Societies of Reproductive Medicine and of Perinatal Medicine, as well President of the Swiss Society of Obstetrics and Gynaecology, Treasurer of the European Board and College of Obstetrics and Gynaecology (EBCOG) and of the World Federation of Gynaecology and Obstetrics (FIGO) for six years each.
- In 2018 he received the Ordination of First degree (Bundesverdienstkreuz 1. Klasse) from the President of the Federal Republic of Germany.
- He has served the German National Academy of Science Leopoldina in various Capacities; and in 2019 was elected into the Executive Committee of the Inter Academy Partnership (IAP).
- In 2020 he was reelected as Medical Director and CEO of the University Medical Center Bonn for the period of Jan.1, 2022 – Dec. 31, 2026

Professor **Yacoub Khalaf MB BCh, MSc, MD, FRCOG, MFFP. UK**

Professor in Reproductive Medicine & Surgery, Guy's & St. Thomas' Hospital and King's College, London

- Head of Fertility Services and Director of Assisted Conception Unit & Centre for Pre-Implantation Genetic Diagnosis
- Member of the Human Fertilisation & Embryology Authority (HFEA)
- Executive Officer of the British Fertility Society
- Chair of the Scientific and Clinical Advances Committee of the HFEA
- Chair of the RCOG National Clinical Study group in Reproductive Medicine & Surgery
- Member of the RCOG Research Committee
- Expert advisor to the National Institute for Health Care & Clinical Excellence (NICE)
- Associate Editor of the RBM online Journal
- Grant Reviewer for the National Institute for Health Research in the UK
- Director of the International Exchange Programme in ART and Fertility Imaging courses at Guy's and St Thomas' Hospital Foundation Trust
- Principal Investigators/clinical adviser of several NIHR funded research grants
- Supervisor and examiner of Masters, MD and PhD candidates for various UK universities
- Published widely (>100 Peer reviewed articles) on different aspects of Assisted Conception, Reproductive Medicine & Surgery in major medical journals.
- Lectured on ART at numerous national and international conferences.

Professor Yutaka Osuga, MD, PhD, Japan

- Professor, Obstetrics and Gynecology, Graduate School of Medicine, the University of Tokyo
- Deputy director, the University of Tokyo Hospital
- President, Japan Society for Reproductive Medicine
- President, Japan Society of Gynecologic and Obstetric Endoscopy and Minimally Invasive Therapy
- Prof. Osuga received his MD in 1985 and PhD in 1995 from the Faculty of Medicine of the University of Tokyo, Japan. He completed his OB/GYN residency training at the University of Tokyo. He trained as a postdoctoral fellow in the field of ovarian physiology in Stanford University from 1995 to 1997. He is board certified by Japan Society of Obstetrics and Gynecology, Japan Society of Gynecologic and Obstetric Endoscopy and Minimally Invasive Therapy, Japan Society for Reproductive Medicine, and Japanese Society of Anti-Aging Medicine.
- Prof. Osuga provides clinical services in gynecology and reproductive medicine with special expertise in laparoscopic surgery and assisted reproductive technology. His main research targets cover a wide variety of physiology and pathology of reproduction including endometriosis, implantation, folliculogenesis, and reproductive aging. He has authored over 400 research papers published in eminent peer-reviewed journals and has written and edited many textbooks. He serves as an executive board member of several medical groups and associations and an editor of several international journals. He is frequently sought out to provide his expertise at international medical conferences and academic institutions.

THURSDAY
01ST DECEMBER, 2022

Registration | 08.00-08.30

Opening 08.30-08.45

PLENARY SESSION 1 08.45-11.30

CHAIRMEN

Prof. Gamal I. Serour,
Al Azhar University
Prof. Ahmed Ramy,
Ain Shams University
Prof. Alaa El Gindy,
Military Faculty of Medicine
Prof. Yutaka Osuga,
Japan

TIME	TOPIC	SPEAKER
08.45-09.10	Inflammation and Fertility	Dr. Jaideep Malhotra *India*
09:10-09.35	Impact of Adenomyosis on Uterine Receptivity	Prof. Yutaka Osuga *Japan*
09.35-10.00	Insights into The Development of PCOS-Beyond The Symptomatic Treatment	Prof. Miyuki Harada *Japan*
10.00-10.25	Protecting One's Fertility-Preservation and Rejuvenation	Prof. Ameet Patki *India*
10.25-10.50	What Role For Endometriosis Surgery In The 21st Century	Prof. Stephen Kennedy *UK*
10.50-11.15	Artificial Intelligence (AI) in ART (Virtual)	Prof. Cristina Hickman *UK*
11.15-11.30	DISCUSSION	
11.30-12.00	Coffee Break I	

PLENARY SESSION 2 12.00-14.45

CHAIRMEN

Prof. Mohamed Yahia,
Ain Shams University
Prof. Mamdouh Sheeba,
Cairo University
Prof. Salah Rasheed,
Sohag University
Prof. Charles Chapron,
France

TIME	TOPIC	SPEAKER
12.00-12.25	Myoma Related Infertility: How to Manage? Surgery or Medical Therapy?	Prof. Jacques Donnez, *Belgium*
12.25-12.50	Adenomyosis: Modern Management	Prof. Charles Chapron, *France*
12.50-13.15	Integrated Endometriosis Treatment-Medical and Surgical (Virtual)	Prof. Sven Becker, *Germany*
13.15-13.40	Assisted Reproductive Technologies: Where We are And Where We are Heading	Prof. Yakoub Khalaf, *UK*
13.40-14.05	Uterus Transplantation-an Update	Prof. Mats Brännström, *Sweden*
14.05-14.30	Recent Challenges in Fertility Preservation for Cancer Women	Prof. Marie-Madeleine Dolmans, *Belgium*
14.30-14.45	DISCUSSION	
14.45-15.15	Novo Symposium Chairman: Prof. Ibrahim Mahrous, *Al Azhar University*	
14.45-15.15	Impact of obesity on women's health	Prof. Hossam Fahem
15.15-15.30	Liraglutide 3.0 mg: one drug multiple	Prof. Aasem Saif
15.15-15.45	Coffee Break II	

PARALLEL SESSIONS 1 15.45-17.25

HALL A	HALL B	HALL C	HALL D
International Federation of Fertility Societies	Endoscopy & Gynecological Surgery	Fertility Preservation	Andrology
CHAIRPERSONS	**CHAIRPERSONS**	**CHAIRMEN**	**CHAIRMEN**
Prof. Gamal Serour *Al Azhar University* Prof. Eman Farid *Beny Sweef University* Prof. Edgar Mocanu *Ireland*	Prof. Ibrahim Mahrous, *Al Azhar University* Prof. Mervat Sheikh El Arab *Alexandria University* Dr. Paul Le Roux *South Africa*	Prof. Emad Darwish *Alexandria University* Prof. Hamed Ellakwa *Menoufia University* Prof. Sabaratman Arul Kumaran *UK*	Prof. Hossam F. FRIDAY
02ND DECEMBER, 2022

PLENARY SESSION 3 08.30-10.20

CHAIRPERSONS

Prof. Emad Darwish,
Alexandria University
Prof. Afaf Ismail,
Al Azhar University
Prof. Abdel Basit Fakhry,
Menia University
Dr. Oladapo Ashiro,
Nigeria

TIME	TOPIC	SPEAKER
08.30-08.55	Environmental Toxins and Infertility	Dr. Oladapo Ashiro, *Nigeria* (Virtual)
08.55-09.20	Authentic Application of The Biopsychosocial Model in Reproductive Health Care	Prof. Leroy Edozien, *Nigeria*
09.20-09.45	Expanding Assisted Reproductive Technology on the African Continent	Dr. Paul Le Roux, *South Africa*
09.45-10.10	Evolving Practices in ART : Resources, Tools & Laboratory Costs	Prof. Carin Huyser, *South Africa* (Virtual)
10.10-10.15	DISCUSSION	

PLENARY SESSION 4 10.30-11.55

CHAIRPERSONS

Prof. Hassan Sallam,
Alexandria University
Prof. Mahmoud Midan,
Al Azhar University
Prof. Hanaa Abou Raya,
Al Azhar University
Prof. Edgar Mocano,
Ireland

TIME	TOPIC	SPEAKER
10.30-10.55	First Point of Fertility Care: A Global Healthcare System Duty	Prof. Edgar Mocano, *Ireland*
10.55-11.20	The White Elephant in Climate Change	Prof. Sabaratnam Arul Kumaran *UK*
11.20-11.45	Role of oxidative stress in assisted reproduction.	Prof. Hassan Sallam, *Egypt*
11.45-11.55	DISCUSSION	
11.55-12.20	Friday Prayer	
12.20-12.45	Coffee Break 1	

PLENARY SESSION 5 12.45-15.30

CHAIRPERSONS

Prof. Amr Samy Khodeir,
Suez Canal University
Prof. Amgad Moneir,
Ain Shams University
Prof. Abd Elmageed Sarhan,
Zgazig University
Prof. Richard Kennedy,
UK

TIME	TOPIC	SPEAKER
12.45-13.10	Making Sperm and Eggs from Skin Cells	Prof. Sherman Silber, *USA*
13.10-13.35	Oocyte Vitrification for Medical and Social Reasons	Prof. Seang Lin Tan, *Canada*
13.35-14.00	Banana Skins and How to Avoid Them	Prof. Richard Kennedy, *UK*
14.00-14.25	Ovarian endometriosis, infertility and ART	Prof. Tommaso Capezzuoli, *Italy*
14.25-14.50	Tubal Ectopics Vs Cesarean Scar Pregnancies: Similitudes and Differences	Prof. Eric Jauniaux, *UK*
14.50-15.15	Update in Non- Invasive Prenatal Diagnosis	Prof. Wolfgang Holzgreve, *Germany*
15.15-15.30	DISCUSSION	
15.30-16.00	IBSA Symposium Chairman: Prof. Hossam F. Abdel Raheem, *Al Azhar University*	
16.00-16.30	Coffee break 2
