ONE STEP AHEAD

A program tailored of different measures that could be applied in order to prevent development of certain pathological cardiac conditions “the concept of primary prevention”.

Furthermore, implementation of certain strategies to prevent deterioration “the concept of secondary prevention.”

Adoption of these strategies will be translated into the best use of resources in a cost-effective manner.

This will entail a wide range of topics across the spectrum of cardiovascular medicine with emphasis on evidence-based medical practice.

WELCOME MESSAGE

Dear Doctors,

On behalf of the organizing committee, we are welcoming you all to the 2nd annual conference of the Sohag Cardiac and GIT Center. This unique event, will be held on May 22-23, 2024, at the Engineers Club in Sohag, Egypt.
