# Annual Mansoura Otolaryngology Conference

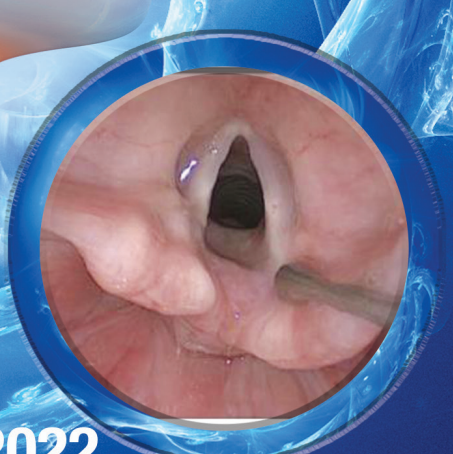

## ORL MU (DEPARTMENT OF OTOLARYNGOLOGY) (MANSOURA UNIVERSITY)

## ENDO MANSOURA 2022

**March 23 - 25, 2022**

**Mansoura University Children's Hospital Convention Center (Albasousy)**

**Port said Hotel**

**Welcome Message:**

**Dear colleagues**
**It is our honor and genuine pleasure to welcome you to the Annual Mansoura Conference which is scheduled on March 23 - 25, 2022 at Mansoura & Port Said with the theme "ENDO MANSOURA 2022".**
**"ENDO MANSOURA 2022 includes the top national speakers who will share with their knowledge and experience in different instructional courses that will be a comprehensive and directed to both young otolaryngolosits in training and ENT specialists. This year we are proud to have 17 international speakers from different parts of the world, USA, Europe, Canada, Asia and Africa. Because of this distinguished gathering of well known speakers, we were able to obtain an accreditation for the first time , in Mansoura, from the American Association of Continuing Medical Education with 20 hours of CME. This will help the attendees with their contribution. towards the minimal invasive endoscopic ORL procedures.**
**The scope and quality of scientific exchange makes this Conference one of the most elite ORL research and instructional meetings in our country for the different ORL subspecialities.**
**This event features lots of opportunities to network with colleagues and partners from the globe in an exciting environment.**
**I believe that You will enjoy not only the rich scientific program of high-quality, but also the nice weather and the location of Mansoura over the Nile as well as the spectacular city of Port Said looking at the historical Suez Canal.**

**On behalf the ORL Department and Organizing Committee We are looking forward to Your participation.**
