Welcome Message

Dear Colleague,

It is now 27 years since establishment of our Society. Many thanks to you all for your overwhelming support which enabled the society to continue its role in Continuing Professional Development and Education in infertility. Today we are more than 1450 registered members, and we are a member of the prestigious International Federation of Fertility Societies (IFFS)

This 2021 EFSS congress is granted 16 accredited hours from the Arab Commission for Accreditation of Professional programs (ACAPP) Continuous Professional Development Activity Accreditation, and 14 accredited hours from the European Accreditation Council for Continuing Medical Education (EACCME).

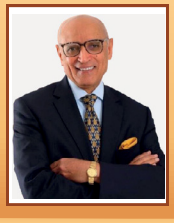

As the COVID -19 pandemic is still around us, the 27th EFSS Annual congress is a hybrid congress to be up to our duties to avoid the spread of COVID-19 and be able to invite virtually those who will not be able to come. This year we have 35 International guests, who are leading scientists and pioneers in the field, from five continents.

Special thanks for our guests from all over the world for their prompt response to our invitation to participate in this meeting. For those who could manage to come to Cairo, I wish them all a very enjoyable stay and a safe journey back. For those who participated virtually a big fat THANK YOU for sharing with us your great expertise.

I sincerely thank all members of the EFSS Board of Directors particularly our Secretary General, and the Secretary of the conference, Professor Amr El Shalakany who worked tirelessly for one year preparing an outstanding scientific and social program and supervising every details of the conference all through the year.

Sincere thanks to the conference organizers particularly Mrs. Azza El Tobgi and Mr. Reda El Shebiny and Pure Spot marketing agency for the tremendous efforts in the preparation of this conference. I also would like to thank all the medical industry companies who supported the conference.

Hope you all will enjoy the outstanding scientific and social program of the conference. Those who are from outside Cairo enjoy this vibrant city which does not sleep but please make sure to actively participate, as well, in the conference.

Yours Sincerely,

Prof. Gamal Serour
FRCS, FRCOG, FACOG
President of the Society and the Conference
