Call for Abstracts

Venue: Cairo Marriott Hotel

Building tomorrow's IVF leaders.

UEARS 2018 Mission:

Link all areas of assisted reproduction and infertility with all their sub-disciplines by bringing the opinion of top leaders in the field to in-depth discussions on the unyielding issues in our rapidly progressing profession.

Why to attend?

- Latest Research:

Expert presentations and discussions on reproductive medicine

- Leading Education:

Earn CME credits while at the meeting

- Networking:

•Interact with colleagues, professionals and leaders in the field visiting the Middle East for the first time.
•Stay in touch with the most advanced practical methods of IVF.
•Join more than 2000 Specialist around the world at the mega Conference which designed to Empower you with all new in Assisted Reproductive Technology.
•Discover the latest IVF techniques from the world's top experts in the biggest specialist gathering in the Middle East.
•You'll rub shoulders with world's top experts in Andrology, Embryology and Gynaecology, soak up countless tips and new strategies and enjoy extensive networking opportunities.

- Pre-Conference Courses:

Learn from the experts with focused pre-conference courses, workshops & hands-on
Get hands- on with the latest in medical innovations

International Faculty Guests for 2018

Allan Pacey

Professor in the Medical School at the University of Sheffield with research interests in male fertility and sperm biology. I am currently the Academic Head of the Unit of Reproductive and Developmental Medicine and Head of Andrology for Sheffield Teaching Hospitals.

Catherine Racowsky, Ph.D.

Associate Prof. Clinical Lab Director at Brigham and Women's Hospital Brigham and Women's Hospital University of Cambridge

David Albertini, Ph.D.

Director of Laboratories and Senior Scientist at the Center for Human Reproduction, Harvard Medical School

David Battaglia, Ph.D., HCLD, ELD

Associate Professor of Obstetrics and Gynecology School of Medicine, Oregon Health & Science University

David Mortimer, Ph.D.

President and co-owner of Oozoa Biomedical

Douglas T. Carrell, Ph.D., HCLD

Professor in Departments of Surgery (Urology), OB/GYN, and Human Genetics, University of Utah School of Medicine

Helen Claire O'Neill, PhD, BSc, MSc

Programme Director, Reproductive Science and Women's Health, Embryology, IVF and Reproductive Genetics Group, University College London

Fernando Bronet, PhD

Head of the IVF-PGD lab at IVI Madrid, PhD Biology
IVI-Madrid Universidad Complutense de Madrid

Gary Smith, Ph.D

Molecular & Integrative Physiology, OB-Gyn, Professor, Urology, Director, MStem Cell Laboratories., Co-Director, Reproductive Sciences Program, University of Michigan

Jacques Cohen, Ph.D., HCLD

Director of The Art Institute of Washington, co-founder of Reprogenetics, an embryologist at Bourn Hall Clinic, the world's first IVF clinic

James Catt, PhD

Scientific Director to Former Sydney IVF & Repro Optima Center IVF Lab

Joel Drevet

Team Leader at National Center for Scientific Research, GReD Laboratory, Mechanism of post-testicular infertility, France • Clermont-Ferrand

Kathleen Miller, DHSc

Vice President of Laboratory Services, leads the team specializing in assisted reproduction technologies

Kay Elder, BSc., Ph.D., MBBChir

Senior Research Scientist at Bourn Hall Clinic, Section Editor at RBM Online, Honorary Senior Lecturer at University of Leeds

Kimball Pomeroy, Ph.D

Science Director the World Egg Bank, Arizona Reproductive Medicine Specialists - The Salk Institute

Marius Meintjes

Scientific Director at Frisco Institute for Reproductive Medicine Frisco Institute for Reproductive Medicine - Louisiana State University

Mohamed Bedaiwy, Ph.D

Professor and Division Head of Reproductive Endocrinology & Infertility, The University of British Columbia, Department of OB/GYN. Associate Editor of the Human Reproduction Journal which is the official journal of the European Society of Human Reproduction and Embryology (ESHRE)

Nasser Al-Asmer, MD

Laboratory Manager at Igenomix USA (Miami) from its opening in 2012 until January 2016, when he became Scientific Advisor first in the USA and now for Spain and Latam.

Ri-Cheng Chian, PhD

Scientific Director at Marin Fertility Center and JY IVF Labs San Francisco. Professor in the Division of Reproductive Biology, Department of OB/GYN, McGill University, Montreal, Canada and holds a Visiting Professorship in seven Universities in China.

Samir Abbas

GM, Owner Dr Samir Abbas medical centers and hospital., Jeddah, Saudi Arabia, Royal College of OB/GYN. Member of European Society of Fertility, American Society of Fertility, Founding member of the Saudi Association of OB/GYN, President of the Saudi Forum for Fertility.

Sebastiaan Mastenbroek

Assistant Professor and Senior Clinical Embryologist at the Academic Medical Center of the University of Amsterdam.

Séverine Le Gac

Associate Professor at the University of Twente (The Netherlands) and program director for the topic “Innovative Nanotechnology for Medicine” at the MESA+ Institute for Nanotechnology. She is leading a team called “Applied Microfluidics for Bioengineering Research_AMBER”

Sharon Mortimer, BSc., Ph.D

Co-owner and Director of Oozoa Biomedical. Editor of the journal Reproduction, Fertility and Development. Director of Laboratory Operations for Genesis Fertility Center

Sjoerd Repping

Professor, Head of Department, Director Research Institute, Chair of Healthcare Evaluation Program, Academic Medical Center (AMC) - University of Amsterdam

Yacoub Khalaf, MD

Director of Guy’s & St Thomas’ Assisted Conception & Pre-implantation Genetic, Consultant Gynaecologist/Subspecialist in Reproductive Medicine and Surgery - Guy’s and St. Thomas’ NHS Foundation Trust Honorary Senior Lecture, King’s College London,

Yoshiharu Morimoto, MD., PhD

Chief Executive Officer and Chairman of IVF JAPAN group, He has a variety of academic and administrative positions; some of the representatives of these are President of Japan Society of Assisted Reproduction, Vice President of Japanese Institution for Standardizing Assisted Reproductive Technology and President-Elect of Asia Pacific Initiative Reproductive Endocrinology.

Manuela Simoni

Full Professor of Endocrinology, Deputy Director, Department of Biomedical, Metabolic and Neural Sciences, University of Modena & Reggio Emilia (Italy), Director of the Unit of Endocrinology, Nuovo Ospedale S. Agostino-Estense of Modena (Italy)
Director of the School of Specialization in Endocrinology and Metabolism, University of Modena & Reggio Emilia (Italy)
Director of the Center for Genomic Research, University of Modena & Reggio Emilia (Italy)

+MORE

SEVERAL CREATIVE MINDS AT ONE PLACE

Main Topics

Art and Beyond

- Basic Science In Female Infertility
- Advances and Challenges in Ovarian Stimulation
- Management of Poor Responders and POI Patien
- Endometrial Receptivity: How to Predict and Achieve Implantation Success?
- Female and Male Fertility Preservation: Where are we?
- In Vitro Maturation Techniques: Can we improve them?
- Future of ART

Embryology

- Controversial Topics in Embryology
- Embryo Culture Systems and Outcome
- Embryology Laboratory : Quality Management and assessment
- Epigenetics Infertility and Epigenetic Pattern In Oocyte and Embryo of Male
- From Oocyte to Child Health – Impact of Technology
- Impact of Cryopreservation Techniques in ART success
- Oocyte Markers as Predictors of Outcome
- Optimizing Cryopreservation Techniques: New advances

Andrology: Diagnostic and treatment options

Workshops

Embryology Workshops

- PGD and PGS updates
- Vetrification : tips and tricks
- In vitro Activation (IVA) The Promising Technique
- Testicular biopsy : lap prospective

Gynecology Workshops

- IVF workshop
- Laparoscopy workshop
- Hystetoscopy workshop
- Ultrasound workshop

Andrology Workshops

- Imaging of the infertile male Hands – on
- Sperm retrieval for ICSI Hands – on
